

Clever Leaves Holdings Inc.

Primary Offering of
17,900,000 Common Shares Issuable Upon Exercise of Warrants
1,217,826 Common Shares Issuable Upon Conversion of Non-Voting Common Shares
125,370 Common Shares Issuable Upon Exercise of Options

Secondary Offering of
5,494,789 Common Shares
4,900,000 Warrants to Purchase Common Shares
4,900,000 Common Shares Issuable upon Exercise of Warrants

This Prospectus Supplement No. 2 supplements the Prospectus dated May 26, 2021 (the "Prospectus") of Clever Leaves Holdings Inc., a corporation organized under the laws of British Columbia, Canada ("we" or the "Company"), that forms a part of the Company's Registration Statement on Form S-1 (File No. 333-252241). This Prospectus Supplement No. 2 is being filed to update and supplement certain information contained in the Prospectus with the information contained in our Quarterly Report on Form 10-Q for the quarterly period ended June 30, 2021, filed with the Securities and Exchange Commission on August 12, 2021. This Prospectus Supplement No. 2 should be read in conjunction with the Prospectus. If there is any inconsistency between the information in the Prospectus and this Prospectus Supplement, you should rely on the information in this Prospectus Supplement.

Investing in our securities involves a high degree of risk. Before buying any securities, you should carefully read the discussion of material risks of investing in our securities in "Risk Factors" beginning on page 10 of the Prospectus.

Neither the Securities and Exchange Commission nor any state securities commission has approved or disapproved of these securities or passed on the adequacy or accuracy of the Prospectus or this Prospectus Supplement. Any representation to the contrary is a criminal offense.

The date of this Prospectus Supplement is August 13, 2021

CAUTIONARY NOTE REGARDING FORWARD-LOOKING STATEMENTS

The Private Securities Litigation Reform Act of 1995 provides a safe harbor for forward-looking statements made by us or on our behalf. Some of the statements in this quarterly report on Form 10-Q of Clever Leaves Holdings Inc. ("Form 10-Q") constitute forward-looking statements that do not directly or exclusively relate to historical facts. You should not place undue reliance on such statements because they are subject to numerous uncertainties and factors relating to our operations and business environment, all of which are difficult to predict and many of which are beyond our control. Forward-looking statements include information concerning our possible or assumed future results of operations, including descriptions of our business strategy. These statements are often, but not always, made through the use of words or phrases such as "believe," "anticipate," "could," "may," "would," "should," "intend," "plan," "potential," "predict," "forecast," "will," "expect," "budget," "contemplate," "believe," "estimate," "continue," "project," "positioned," "strategy," "outlook" and similar expressions. You should read statements that contain these words carefully because they:

- discuss future expectations;
- contain projections of future results of operations or financial condition; or
- state other “forward-looking” information.

All such forward-looking statements involve estimates and assumptions that are subject to risks, uncertainties and other factors that could cause actual results to differ materially from the results expressed in the statements. We believe it is important to communicate our expectations to our security holders. However, there may be events in the future that we are not able to predict accurately or over which we have no control. Many risks, contingencies and uncertainties may cause actual results to differ materially from the expectations described by us in such forward-looking statements, including among other things:

- changes adversely affecting the industry in which we operate;
- our ability to achieve our business strategies or to manage our growth;
- general economic conditions;
- the effects of the coronavirus on the global economy, on the global financial markets and on our business;
- our ability to maintain the listing of our securities on Nasdaq;
- our ability to retain our key employees;
- the result of any future financing efforts; and
- other factors that are more fully discussed in Part I, Item 1A of the Company's amended December 31, 2020 Form 10-K (the "Amended Annual Report" or "2020 Form 10-K") under the heading “Risk Factors” section, and those discussed in other documents we file with the SEC.

These risks could cause actual results to differ materially from those implied by the forward-looking statements contained in this Form 10-Q.

All forward-looking statements included herein attributable to us or any person acting on our behalf are expressly qualified in their entirety by the cautionary statements contained or referred to in this section. Except to the extent required by applicable laws and regulations, we undertake no obligation to update these forward-looking statements to reflect events or circumstances after the date of this Form 10-Q or to reflect the occurrence of unanticipated events.

CLEVER LEAVES HOLDINGS INC.

Notes to the Unaudited Condensed Consolidated Financial Statements

(Amounts in thousands of U.S. dollars, except share and per share amounts and where otherwise noted)

1. CORPORATE INFORMATION

Clever Leaves Holdings Inc. (the "Company") is a multi-national U.S.-based holding company focused on cultivating, extracting and selling cannabinoids. In addition to the cannabinoid business, we are also engaged in the non-cannabinoid business of manufacturing and selling homeopathic and other natural remedies, wellness products, and nutraceuticals. The Company is incorporated under the Business Corporations Act of British Columbia, Canada.

The mailing address of our principal executive office is 489 Fifth Avenue, 27th Floor, New York, NY 10017.

Business Combination

On December 18, 2020 (the "Closing Date"), Clever Leaves International Inc., a corporation organized under the laws of British Columbia, Canada ("Clever Leaves"), and SAMA consummated the previously announced Business Combination contemplated by the Amended and Restated Business Combination Agreement, dated as of November 9, 2020 (the "Business Combination Agreement"), by and among SAMA, Clever Leaves, Clever Leaves Holdings Inc., a corporation organized under the laws of British Columbia, Canada ("Holdco" or the "Company"), and Novel Merger Sub Inc., a Delaware corporation ("Merger Sub"). Pursuant to the Business Combination Agreement, SAMA agreed to combine with Clever Leaves in the Business Combination that resulted in both Clever Leaves and SAMA becoming wholly-owned subsidiaries of Holdco.

Clever Leaves was deemed the accounting acquirer in the Business Combination based on an analysis of the criteria outlined in Accounting Standards Codification ("ASC") 805. This determination was primarily based on Clever Leaves' stockholders prior to the Business Combination having a majority of the voting interests in the combined company, Clever Leaves' operations comprising the ongoing operations of the combined company, Clever Leaves' board of directors comprising a majority of the board of directors of the combined company, and Clever Leaves' senior management comprising the senior management of the combined company. Accordingly, for accounting purposes, the Business Combination was treated as the equivalent of Clever Leaves' issuing stock for the net assets of SAMA, accompanied by a recapitalization. The net assets of SAMA are stated at historical cost, with no goodwill or other intangible assets recorded.

While Holdco was the legal acquirer in the Business Combination, because Clever Leaves was deemed the accounting acquirer, the historical financial statements of Clever Leaves became the historical financial statements of the combined company upon the consummation of the Business Combination. As a result, the financial statements included in this report reflect (i) the historical operating results of Clever Leaves prior to the Business Combination; (ii) the combined results of the Company and Clever Leaves following the closing of the Business Combination; (iii) the assets and liabilities of Clever Leaves' at their historical cost; and (iv) the Company's equity structure before and after the Business Combination.

In accordance with applicable guidance, the equity structure has been restated in all comparative periods to reflect the number of shares of the Company's common shares, issued to Clever Leaves' shareholders in connection with the recapitalization transaction. As such, the shares and corresponding capital amounts and earnings per share related to Clever Leaves' convertible preferred shares and Clever Leaves' common shares prior to the Business Combination have been retroactively restated as shares reflecting the exchange ratio of 0.3288 shares (the "Exchange Rate") established in the Business Combination Agreement. Activity within the statement of shareholders' equity for the issuances and repurchases of Clever Leaves' convertible preferred shares were also retroactively converted to Clever Leaves' common shares. See Note 11. for more information.

2. BASIS OF PRESENTATION

The accompanying interim condensed consolidated financial statements ("Financial Statements") of the Company are unaudited. These Financial Statements have been prepared in accordance with generally accepted accounting principles in the United States of America ("U.S. GAAP") for interim financial statements and with the instructions to Form 10Q and Article 10 of regulation S-X; and accordingly, do not include all disclosures required for annual financial statements. These Financial Statements reflect all

adjustments, which, in the opinion of management, are necessary for a fair presentation of the results for the interim periods presented. All adjustments were of a normal recurring nature. Interim period results are not necessarily indicative of results to be expected for the full year.

[Table of Contents](#)

CLEVER LEAVES HOLDINGS INC.

Notes to the Unaudited Condensed Consolidated Financial Statements

(Amounts in thousands of U.S. dollars, except share and per share amounts and where otherwise noted)

These Financial Statements should be read in conjunction with the Company's 2020 audited consolidated financial statements and related notes in our 2020 Form 10-K.

Prior Period Reclassification- Certain prior period reclassifications were made to conform to the current period presentation.

Going Concern

These consolidated financial statements have been prepared in accordance with U.S. GAAP, which assumes that the Company will be able to meet its obligations and continue its operations for the next twelve months.

As shown in the accompanying consolidated financial statements, the Company had an accumulated deficit as of June 30, 2021, as well as operating losses and negative cash flows from operations since inception and expects to continue to incur net losses for the foreseeable future until such time that it can generate significant revenues from the sale of its available inventories.

The Company's management believes that the Company's current cash position, following the consummation of the Business Combination on closing date, and management's plans to continue similar operations with increased marketing, which the Company believes will result in increased revenue and an improvement in net income, will satisfy the Company's estimated liquidity needs during the twelve months from the issuance of the consolidated financial statements. Subsequent to June 30, 2021, the Company raised additional financing by issuing secured Convertible Note as discussed in Note 16.

Impact of COVID-19 Pandemic

The Company expects its operations to continue to be affected by the ongoing outbreak of the 2019 coronavirus disease ("COVID-19"), which was declared a pandemic by the WHO in March 2020. The spread of COVID-19 has severely impacted many economies around the globe. In many countries, including those where the Company operates, businesses have been forced to cease or limit operations for long or indefinite periods of time. Measures taken to contain the spread of the virus, including travel bans, quarantines, social distancing, and closures of non-essential services have triggered significant disruptions to businesses worldwide, resulting in an economic slowdown. Governments and central banks have responded with monetary and fiscal interventions to stabilize economic conditions and the Company has taken steps to obtain financial assistance made available from jurisdictional governments, however the Company expects its 2021 financial performance to continue to be impacted and result in a delay of certain of its go-to-market initiatives.

Given the continued evolution of the COVID-19 pandemic and the related complexities and uncertainties associated with the additional variants, the Company's business operations could be significantly impacted. We continue to monitor closely the impact of COVID-19, with a focus on the health and safety of our employees, and business continuity. We have implemented various measures to reduce the spread of the virus including requiring that our non-production employees work from home, restricting visitors to production locations, screening employees with infrared temperature readings and requiring them to complete health questionnaires on a daily basis before they enter facilities, implementing social distancing measures at our production locations, enhancing facility cleaning protocols, and encouraging employees to adhere to preventative measures recommended by the WHO. Our global operational sites have been reduced to business-critical personnel only and physical distancing measures are in effect. In addition, since our non-production workforce can effectively work remotely using various technology tools, we are able to maintain our full operations. Although our operational sites remain open, mandatory or voluntary self-quarantines may further limit the staffing of our facilities.

The financial statements of the subsidiaries are prepared for the same reporting period as the parent company. All intra-group balances, transactions, unrealized gains and losses resulting from intra-group transactions have been eliminated.

3. ACCOUNTING PRONOUNCEMENTS

Recently Adopted Accounting Pronouncements

In December 2019, the FASB issued ASU No. 2019-12, *Income Taxes (Topic 740) - Simplifying the Accounting for Income Taxes* ("ASU No. 2019-12"), which is intended to simplify various aspects related to accounting for income taxes. ASU No. 2019-12 removes certain exceptions to the general principles in Topic 740 and also clarifies and amends existing guidance to improve consistent application. ASU No. 2019-12 is effective for the Company beginning January 1, 2021. The ASU has no material impact to its consolidated financial statements.

In January 2020, the FASB issued ASU No. 2020-01, *Investments — Equity Securities (Topic 321), Investments — Equity Method and Joint Ventures (Topic 323), and Derivatives and Hedging (Topic 815)* ("ASU No. 2020-01"), which is intended to clarify the interaction of the accounting for equity securities under Topic 321 and investments accounted for under the equity method of accounting in Topic 323 and the accounting for certain forward contracts and purchased options accounted for under

[Table of Contents](#)

CLEVER LEAVES HOLDINGS INC.

Notes to the Unaudited Condensed Consolidated Financial Statements

(Amounts in thousands of U.S. dollars, except share and per share amounts and where otherwise noted)

Topic 815. ASU No. 2020-01 is effective for the Company beginning January 1, 2021. The adoption of ASU did not have a material impact to the Company's consolidated financial statements.

In October 2020, the FASB issued this ASU No. 2020-09, *Debt - (Topic 470)* ("ASU No. 2020-09"), which clarifies, streamlines, and in some cases eliminates, the disclosures a registrant must provide in lieu of the subsidiary's audited financial statements. The rules require certain enhanced narrative disclosures, including the terms and conditions of the guarantees and how the legal obligations of the issuer and guarantor, as well as other factors, may affect payments to holders of the debt securities. The amendments in ASU No. 2020-09 are effective January 4, 2021 and earlier compliance is permitted. The adoption of ASU did not have a material impact to the Company's consolidated financial statements.

Recently Issued Accounting Pronouncements Not Yet Adopted

In May 2021, the FASB issued ASU No. 2021-04, *Earnings Per Share (Topic 260), Debt—Modifications and Extinguishments (Subtopic 470-50), Compensation—Stock Compensation (Topic 718), and Derivatives and Hedging—Contracts in Entity's Own Equity (Subtopic 815-40): Issuer's Accounting for Certain Modifications or Exchanges of Freestanding Equity-Classified Written Call Options* ("ASU No. 2021-04"), which provides a principles-based framework to determine whether an issuer should recognize the modification or exchange as an adjustment to equity or an expense. ASU No. 2021-04 requires issuers to account for modifications or exchanges of freestanding equity-classified written call options (e.g., warrants) that remain equity classified after the modification or exchange based on the economic substance of the modification or exchange. The amendments in ASU No. 2021-04 are effective for all entities for fiscal years beginning after December 15, 2021, including interim periods within those fiscal years. Early adoption is permitted for all entities, including adoption in an interim period. The Company is currently evaluating the effect of adopting ASU No. 2021-04.

In February 2016, the FASB issued ASU 2016-02, "Leases", which was further clarified by ASU 2018-10, "Codification Improvements to Topic 842, Leases", and ASU 2018-11, "Leases—Targeted Improvements", both issued in July 2018. ASU 2016-02 affects all entities that lease assets and will require lessees to recognize a lease liability and a right-of-use asset for all leases (except for short-term leases that have a duration of less than one year) as of the date on which the lessor makes the underlying asset available to the lessee. The effective date of this ASU has now been delayed for two years by the issuance of ASU 2020-05 and the Company will be adopting this standard on January 1, 2022. While the Company expects the adoption of these standards will not result in a material increase to the reported assets and liabilities, the Company has not yet determined the full impact that the adoption of this standard will have on its condensed consolidated financial statements.

4. FAIR VALUE MEASUREMENTS

The following table provides the fair value measurement hierarchy of the Company's assets and liabilities, except for those assets and liabilities that are short term in nature and approximate the fair values, as of the periods presented:

	Level 1	Level 2	Level 3	Total
As of June 30, 2021				
Assets:				

Investment – Cansativa	—	—	1,528	1,528
Total Assets	—	—	1,528	1,528
Liabilities:				
Loans and borrowings	—	6,559	—	6,559
Warrant liability	—	—	22,736	22,736
Convertible notes	—	27,119	—	27,119
Total Liabilities	\$ —	\$ 33,678	\$ 22,736	\$ 56,414

As of December 31, 2020

Assets:

Investment – Cansativa	—	—	1,553	1,553
Total Assets	\$ —	\$ —	\$ 1,553	\$ 1,553
Liabilities:				
Loans and borrowings	\$ —	\$ 6,701	\$ —	\$ 6,701
Warrant liability	—	—	19,061	\$ 19,061
Convertible notes	—	27,142	—	\$ 27,142
Total Liabilities	\$ —	\$ 33,843	\$ 19,061	\$ 52,904

During the six months ended June 30, 2021, there were no transfers between fair value measurement levels.

The change in fair value of warrant liabilities related to private warrants during the six months ended June 30, 2021 and 2020 is as follows:

Private Placement Warrants	Total Warrant Liability
Warrant liability at December 31, 2020	\$ 19,061
Change in fair value of warrant liability	\$ 4,851
Warrant liabilities at March 31, 2021	\$ 23,912
Change in fair value of warrant liabilities	\$ (1,176)
Warrant liabilities at June 30, 2021	\$ 22,736

The Company determined the fair value of its private warrants using the Monte Carlo simulation model. The following assumptions were used to determine the fair value of the Private Warrants at December 31, 2020 and June 30, 2021:

[Table of Contents](#)

CLEVER LEAVES HOLDINGS INC.

Finished goods – cannabis extracts	8,556	7,003
Finished goods – other	260	283
Total	\$ 13,148	\$ 10,190

6. INVESTMENTS

Cansativa

On December 21, 2018, the Company, through its subsidiary Northern Swan Deutschland Holdings, Inc., entered into a seed investment agreement with the existing stockholders of Cansativa GmbH (“Cansativa”), a German limited liability company primarily focused on the import and sale of cannabis products for medical use and related supplements and nutraceuticals. Prior to the Company’s investment, Cansativa’s registered and fully paid-in share capital amounted to 26,318 common shares. Under the investment agreement, the Company has agreed with the existing stockholders to invest up to EUR 7,000 in Cansativa in three separate tranches of, respectively, EUR 1,000, EUR 3,000 and up to a further EUR 3,000. The first EUR 1,000 (specifically, EUR 999.915, approximately \$1,075, or “Seed Financing Round”) was invested in Cansativa to subscribe for 3,096 newly issued preferred voting shares at EUR 322.97 per preferred share, and as cash contributions from the Company to Cansativa. The seed EUR 322.97 per share price was based on a fully diluted pre-money valuation for Cansativa of EUR 8,500, and the increase of Cansativa’s registered share capital by the 3,096 preferred shares in the Seed Financing Round provided the Company with 10.53% of the total equity ownership of Cansativa. The Company paid the seed investment subscription by, first, an initial nominal payment of EUR 3.1, (i.e., EUR 1.00 per share) upon signing the investment agreement to demonstrate the Company’s intent to invest, and the remainder of EUR 996.819 was settled in January 2019 to officially close the investment deal after certain closing conditions have been met by the existing stockholders and Cansativa. The Company accounts for its investment in Cansativa using the equity accounting method, due to the Company’s significant influence, in accordance with ASC 323, *Investments — Equity Method and Joint Ventures*.

14

[Table of Contents](#)

CLEVER LEAVES HOLDINGS INC.

Notes to the Unaudited Condensed Consolidated Financial Statements

(Amounts in thousands of U.S. dollars, except share and per share amounts and where otherwise noted)

The Company recorded its investment in Cansativa at the cost basis of an aggregated amount of EUR 999,915, approximately \$1,075, which is comprised of EUR 3,096 for the initial nominal amount of the Seed Financing Round and EUR 996,819 for the remaining Seed Financing Round (i.e., Capital Reserve Payment), with no transaction costs. Subsequent to the Seed Financing Round, the Company had an option, within 18 months after the Signing Date, to increase its investment in Cansativa by subscribing to up to 9,289 newly issued (additional) preferred shares (“Tranche 2 Option”) for an amount of up to EUR 3,000.06833 based on the same seed share price of EUR 322.97. When the Tranche 2 Option is exercised from time to time, the Company is entitled to subscribe to a number of up to 578 additional Seed Preferred Shares (in case of full exercise of the Tranche 2 Option) for their respective nominal value of EUR 1.00. The Company estimated that the value of the Tranche 2 Option at the time of the initial investment was approximately EUR 419 (\$450). The Company’s equity method investment at the time of Seed Financing Round was approximately 10.53% of the book value of Cansativa’s net assets of approximately EUR 1,100, and approximately EUR 465 of equity method goodwill, as Cansativa was a newly formed entity with limited identifiable assets to which a significant fair value could be applied. The Company’s options to acquire additional shares in Cansativa are accounted for as equity instruments within the scope of ASC 321, *Investments — Equity Securities*.

In accordance with the seed investment agreement, in September 2019, the Company made an additional investment of approximately EUR 650, or approximately \$722, for 2,138 shares in Cansativa, thereby increasing its equity ownership to 16.6% of the book value of Cansativa’s net assets of approximately EUR 1,233, and approximately EUR 1,122 of equity method goodwill as Cansativa was still in the process of getting the licenses and expanding its operations. As of September 30, 2020, balance of Tranche 2 option expired unexercised and as a result the Company recognized a loss on investment of approximately \$370 in its Statement of Operations and Comprehensive Loss and the carrying value of the Tranche 2 option was reduced to nil.

In December 2020, Cansativa allocated shares of its common stock to a newly-installed employee-stock ownership plan (“ESOP”). As a result of the ESOP installment, the Company’s equity ownership of Cansativa, on a fully-diluted basis, decreased from 16.59% to 15.80% of the book value of Cansativa’s net assets. Additionally, Cansativa raised additional capital through the issuance of Series A preferred stock (“Cansativa Series A Shares”) to a third-party investor at a per share price of EURO 543.31. As a result of the Series A Share issuance, the Company’s equity ownership of Cansativa, on a fully diluted basis, decreased from 15.80% to 14.22% of the book value of Cansativa’s net assets. The Company accounted for the transaction as a proportionate sales of ownership share and recognized a gain of approximately \$211 in its consolidated statement of operations within loss on investments line. This change did not impact the equity method classification.

For the three and six months ended June 30, 2021 the Company’s share of net losses from the investment were \$14 and \$25, respectively. For the three and six months ended June 30, 2020 the Company’s share of net losses from the investment were \$5 and \$16, respectively.

7. BUSINESS COMBINATIONS

2020

Business Combination

On December 18, 2020, Clever Leaves and SAMA consummated the Business Combination contemplated by the Amended and Restated Business Combination Agreement, dated as of November 9, 2020, by and among SAMA, Clever Leaves, the Company and Merger Sub.

Pursuant to the Business Combination Agreement, each of the following transactions occurred in the following order: (i) pursuant to a court-approved Canadian plan of arrangement (the “Plan of Arrangement” and the arrangement pursuant to such Plan of Arrangement, the “Arrangement”), at 11:59 p.m., Pacific time, on December 17, 2020 (2:59 a.m., Eastern time, on December 18, 2020) (a) all of the Clever Leaves shareholders exchanged their Class A common shares without par value of Clever Leaves (“Clever Leaves common shares”) for our common shares without par value (“common shares”) and/or non-voting common shares without par value (“non-voting common shares”) (as determined in accordance with the Business Combination Agreement) and (b) certain Clever Leaves shareholders received approximately \$3,100 in cash in the aggregate (the “Cash Arrangement Consideration”), such that, immediately following the Arrangement, Clever Leaves became our direct wholly-owned subsidiary; (ii) at 12:01 a.m., Pacific time (3:01 a.m. Eastern time), on December 18, 2020, Merger Sub merged

15

[Table of Contents](#)

CLEVER LEAVES HOLDINGS INC.
Notes to the Unaudited Condensed Consolidated Financial Statements
(Amounts in thousands of U.S. dollars, except share and per share amounts and where otherwise noted)

with and into SAMA, with SAMA surviving such merger as our direct wholly-owned subsidiary (the "Merger") and, as a result of the Merger, all of the shares of SAMA common stock were converted into the right to receive our common shares as set forth in the Business Combination Agreement; (iii) immediately following the consummation of the Merger, we contributed 100% of the issued and outstanding capital stock of SAMA (as the surviving corporation of the Merger) to Clever Leaves, such that, SAMA became a direct wholly-owned subsidiary of Clever Leaves; and (iv) immediately following the contribution of SAMA to Clever Leaves, Clever Leaves contributed 100% of the issued and outstanding shares of NS US Holdings, Inc., a Delaware corporation and a wholly-owned subsidiary of Clever Leaves, to SAMA. Upon the closing of the Merger, SAMA changed its name to Clever Leaves US, Inc.

In connection with the closing of the Business Combination, the Company's bylaws were amended and restated to, among other things, provide for an unlimited number of common shares without par value, an unlimited number of non-voting common shares without par value and an unlimited number of preferred shares without par value.

In connection with the Business Combination, SAMA obtained commitments (the "Subscription Agreements") from certain investors (the "Subscribers") to purchase \$8,881 in shares of SAMA common stock for a purchase price of \$9.50 per share, in the SAMA PIPE. As part of the SAMA PIPE, certain Subscribers who were holders of the 2022 Convertible Notes agreed to purchase shares of SAMA common stock in exchange for the transfer of the PIK Notes received in satisfaction of approximately \$2,881 of accrued and outstanding interest under the 2022 Convertible Notes from January 1 to December 31, 2020. Prior to the effective time of the Merger, SAMA issued an aggregate of 934,819 shares of SAMA common stock the Subscribers in the SAMA PIPE that were exchanged for our common shares, on a one-for-one basis, in connection with the Closing.

The Business Combination is accounted for as a recapitalization in accordance with U.S. GAAP. Under this method of accounting, SAMA was treated as the "acquired" company for financial reporting purposes (see Note 1). Accordingly, for accounting purposes, the Business Combination was treated as the equivalent of Clever Leaves issuing shares for the net assets of SAMA, accompanied by a recapitalization. The net assets of SAMA are stated at historical cost, with no goodwill or other intangible assets recorded.

The following table reconciles the elements of the Business Combination to the consolidated statement of cash flows and the consolidated statement of shareholders' equity for the year ended December 31, 2020:

	Recapitalization
Cash - SAMA trust and cash, net of redemptions	\$ 86,644
Cash - SAMA PIPE	6,000
Non-cash PIK	(2,881)
Cash assumed from SAMA	698
Cash consideration to certain Clever Leaves shareholders	(3,057)
Less: transaction costs and advisory fees	(13,895)
Net Business Combination	\$ 73,509
Non-cash PIK	2,881
Deferred issuance costs	1,503
Warranty liability	(29,841)
Net liabilities assumed from SAMA	(258)
Net contributions from Business Combination	<u>\$ 47,794</u>

See Note 11. for more information on all capital stock issuances.

8. INTANGIBLE ASSETS

The Company has acquired cannabis-related licenses as part of a business combination with a gross value of approximately \$19,000, which have indefinite useful lives as they are expected to generate economic benefit to the Company in perpetuity. In addition, during 2019 the Company acquired finite-lived intangible assets with a gross value of approximately \$7,091 as part of its Herbal Brands acquisition. During the six months ended June 30, 2021 and 2020 the Company recorded approximately \$781 and \$438, respectively, of amortization related to its finite-lived intangible assets. During the three months ended June 30, 2021

CLEVER LEAVES HOLDINGS INC.
Notes to the Unaudited Condensed Consolidated Financial Statements
(Amounts in thousands of U.S. dollars, except share and per share amounts and where otherwise noted)

and 2020 the Company recorded approximately \$391 and \$227, respectively, of amortization related to its finite-lived intangible assets.

The following tables present details of the Company's total intangible assets as of June 30, 2021 and December 31, 2020. The value of product formulation intangible asset is included in the value of Brand:

	Gross Carrying Amount	Accumulated Amortization	Net Carrying Amount	Weighted-Average Useful Life (in Years)
Finite-lived intangible assets:				
Customer contracts	\$ 925	\$ 925	\$ —	0
Customer relationships	1,000	395	605	3.9
Customer list	650	282	368	2.8
Brand	4,516	991	3,525	7.8
Total finite-lived intangible assets	\$ 7,091	\$ 2,593	\$ 4,498	
Indefinite-lived intangible assets:				
Licenses	\$ 19,000	N/A	\$ 19,000

Indefinite-lived intangible assets:				
Licenses	\$ 19,000	N/A	\$ 19,000	
Total indefinite-lived intangible assets	\$ 19,000	N/A	\$ 19,000	
Total intangible assets	\$ 26,091	\$ 1,812	\$ 24,279	

2020 Interim Impairment Testing

In conjunction with the impairment testing performed as of March 31, 2020 (refer to Note 9. for more detail) the Company reviewed finite-lived intangible assets for impairment. Indefinite-lived intangible assets, consisting of certain of the Company's licenses, were reviewed as part of the impairment assessment during the first quarter of 2020 similar to goodwill, in accordance

[Table of Contents](#)

CLEVER LEAVES HOLDINGS INC.

Notes to the Unaudited Condensed Consolidated Financial Statements

(Amounts in thousands of U.S. dollars, except share and per share amounts and where otherwise noted)

with ASC 350. The Company did not recognize an impairment related to the carrying value of any of the Company's finite or indefinite-lived intangible assets as a result of the impairment assessments performed as of March 31, 2020.

For each of the three and six months ended June 30, 2021 and 2020, no impairment was recognized related to the carrying value of any of the Company's finite or indefinite-lived intangible assets.

Annual Impairment Testing

In accordance with ASC Topic 350, "Intangibles – Goodwill and Other," the Company performs its annual impairment test as of December 31 of each year. Refer to Note 9. for more detail.

Amortization Expense

The following table reflects the estimated future amortization expense for each period presented for the Company's finite-lived intangible assets as of June 30, 2021:

	Estimated Amortization Expense
2021	382

2022	\$	795
2023		715
2024		542
2025		572
Thereafter		1,492
Total	\$	4,498

9. GOODWILL

The following table presents goodwill by segment:

	Cannabinoid	Non- Cannabinoid	Total
Balance at December 31, 2020	\$ 18,508	\$ —	\$ 18,508
Balance at June 30, 2021	\$ 18,508	\$ —	\$ 18,508
Cumulative goodwill impairment charges(a)	\$ —	\$ 1,682	\$ 1,682

(a) Amount refers to cumulative goodwill impairment charges related to impairments recognized in 2020; no impairment charges were recognized during the three and six months ended June 30, 2021.

In accordance with ASC Topic 350, “Intangibles – Goodwill and Other,” the Company performs its annual impairment test as of December 31 of each year. The Company also reviews goodwill for impairment whenever events or changes in circumstances indicate that the carrying value of its goodwill may not be recoverable. After the close of each interim quarter, management assesses whether there exists any indicators of impairment requiring the Company to perform an interim goodwill impairment analysis.

For 2020, the Company performed a qualitative assessment to determine whether indicators of impairment existed. The Company considered, among other factors, the financial performance, industry conditions, as well as macroeconomic developments. Based upon such assessment, the Company determined that it was not more-likely-than-not that an impairment existed as of December 31, 2020. There were no further indicators of impairment during the three and six months ended June 30, 2021.

[Table of Contents](#)

CLEVER LEAVES HOLDINGS INC.

Notes to the Unaudited Condensed Consolidated Financial Statements

(Amounts in thousands of U.S. dollars, except share and per share amounts and where otherwise noted)

First quarter of 2020 Interim impairment Testing

As of March 31, 2020, the Company recognized the COVID-19 pandemic and its impact as a negative indicator to its business performance. As a result, the Company performed an assessment to determine whether goodwill was impaired. Based upon such assessment, the Company determined that it was more likely than not that only the carrying value of its non-cannabinoid operating segment exceeded the fair value as of March 31, 2020.

Following the results of such assessment, the Company recorded an impairment for the full carrying value of the operating segment’s goodwill carrying value. The Company calculated the fair value of the operating segment using discounted estimated future cash flows. The weighted-average cost of capital used in testing the reporting unit for impairment was 19%, with a perpetual growth rate of 2%. As a result of this interim impairment testing, the Company recognized a \$1,682 non-cash goodwill impairment charge related to the non-cannabinoid operating segment in the first quarter of 2020. Following the recognition of this non-cash goodwill impairment charge, the operating segment’s goodwill was nil.

10. DEBT

	June 30, 2021	December 31, 2020
Series D Convertible Notes due March 2022(a)	\$ 27,119	\$ 27,142
Herbal Brands Loan due May 2023 and other borrowings	6,559	6,701
Total Debt	\$ 33,678	\$ 33,843
Less: Current portion of long-term debt	(27,119)	—
Ending balance	\$ 6,559	\$ 33,843

(a) Net of debt issuance costs of \$483 and \$741 in 2021 and 2020, respectively.

Series D Convertible Notes due March 2022

In March 2019 and in connection with the Company’s Series D fundraising, the Company issued secured convertible notes totaling \$27,750, with maturity date of March 30, 2022 (“2022 Convertible Notes”). The 2022 Convertible Notes bore interest of 8.00% per annum, payable quarterly in arrears, and were secured through collateral, guarantee, and pledge agreements signed between the Company, the noteholders, and an appointed paying and collateral agent. Specifically, the 2022 Convertible Notes were guaranteed by the Company’s subsidiaries and secured by 1,300,002 common shares of pledged equity interests in specific subsidiaries.

A noteholder could convert the principal amount, in whole or in part, at a minimum of \$1,000 into common shares at a conversion price of \$11.00 per share. The Company could issue financing securities (common shares) upon the exercise of the conversion options within each convertible note, in part or in whole, at the option of the holder at any time or at the option of the issuer subsequent to a trigger event (i.e., a qualified IPO at greater than or equal to \$13.54 per common share, or a non-qualified IPO with a 10-day trailing volume weighted average price exceeding \$13.54 per common share). The Company was contractually restricted from prepaying the obligations prior to the maturity date except in the case of (1) conversion of the whole or part of the principal amount or (2) a change in control which would trigger immediate repayment in full.

In its assessment to determine the accounting treatment for the Class C Preferred Shares and 2022 Convertible Notes, the Company reviewed the guidance in ASC 480 — *Distinguishing Liabilities from Equity*. Based on the analysis the Company deemed that the: 1) Class C Preferred Shares meet the criteria for a freestanding equity classified instrument that are initially measured at fair value and subsequent changes to their fair are not recognized; and 2) 2022 Convertible Notes were debt-like in nature. In its assessment, the Company considered the terms and features within the hybrid instrument, including redemption consideration, the preferred shares' cumulative dividend, voting rights, contingent and optional conversion feature, as well as the liquidation rights, prior to concluding on the classification. Following the review, no features were segregated, and no derivative instruments or beneficial conversion features were recognized. As a result, upon issuance, the Company recognized

[Table of Contents](#)

CLEVER LEAVES HOLDINGS INC.

Notes to the Unaudited Condensed Consolidated Financial Statements

(Amounts in thousands of U.S. dollars, except share and per share amounts and where otherwise noted)

approximately \$30,258 of Class C Preferred Shares and approximately \$27,750 of Series D convertible debt on its statement of financial position.

In March 2020, the Company amended certain terms of its 2022 Convertible Notes. As a result of this amendment the Company amended the 2022 Convertible Notes to provide for an increase in the rate of interest payable on the principal amount to 10% and to provide that such interest could be payable in-kind at maturity. In addition, the Company amended the restrictive covenants to allow for the creation, incurrence or assumption of certain additional debt, as well as to extend the date on which the Company was required to deliver its audited year-end financial statements. The amendments were accounted for as debt modification.

In connection with the Business Combination (Note 7.) and effective on the Closing Date, Clever Leaves and the holders of the 2022 Convertible Notes agreed to amend the terms of the 2022 Convertible Notes as follows: (i) decrease the interest rate to 8%, commencing January 1, 2021, and provide that such interest is to be paid in cash, quarterly in arrears; (ii) provide for the payment of all accrued and outstanding interest from January 1, 2020 to December 31, 2020 to be made in the form of PIK Notes; to consent to the transfer of the PIK Notes to SAMA in exchange for the PIPE Shares to be issued as part of the SAMA PIPE pursuant to the terms of the Subscription Agreements; (iii) at the option of Clever Leaves, satisfy the payment of quarterly interest by issuing the Company's common shares to the noteholders, at a price per share equal to 95% of the 10-day volume weighted average trading price of the Company's common shares ending three trading days prior to the relevant interest payment date (the "10-Day VWAP"); (iv) at the option of Clever Leaves, prepay, in cash, any or all amounts outstanding under the 2022 Convertible Notes at any time without penalty; (v) at the option of Clever Leaves on each quarterly interest payment date, repay up to the lesser of (a) \$2,000, or (b) an amount equal to four times the average value of the daily volume of Holdco common shares traded during the 10-Day VWAP period, of the total amounts outstanding under the 2022 Convertible Notes at such time by issuing Holdco common shares to the noteholders at a price per share equal to 95% of the 10-Day VWAP; and (vi) at the option of each noteholder, in the event, following the Merger Effective Time, Clever Leaves, the Company or any of their respective affiliates proposed to issue equity securities for cash or cash equivalents (the "Equity Financing") (save and except for certain exempt issuances) at any time after Clever Leaves, the Company or any of their respective affiliates completes one or more equity financings raising, in aggregate, net proceeds of \$25,000 (net of reasonable fees, including reasonable accounting, advisory and legal fees, commissions and other out-of-pocket expenses and inclusive of net cash retained as a result of the Business Combination on the Merge Effective Time), convert an amount of principal and/or accrued interest owing under the 2022 Convertible Notes into subscriptions to purchase up to the noteholder's pro rata share of 25% of the total securities issued under such Equity Financing on the same terms and conditions as such Equity Financing is offered to subscribers; provided, however, that if the noteholder did not elect to participate in such Equity Financing through the conversion of amounts owing under the 2022 Convertible Notes, then Clever Leaves shall be required to repay, in cash within five (5) business days following the closing of such Equity Financing, an amount equal to the noteholder's pro rata share of 25% of the total net proceeds raised from such Equity Financing (collectively, the "November 2020 Convertible Amendments"). The November 2020 Convertible Amendments were accounted as debt modification. As of closing of the Business Combination, the conversion price was changed from \$11.00 to \$30.62 per share.

In connection with the November 2020 Amendments, the Required Holders (as that term is defined in the amended and restated intercreditor and collateral agency agreement, dated as of May 10, 2019, in respect of the 2022 Convertible Notes) agreed to waive Clever Leaves' required compliance with certain restrictive covenants set forth in the 2022 Convertible Notes solely for the purposes of allowing Clever Leaves, Holdco and their affiliates to complete the Business Combination, and agreed to direct GLAS Americas LLC, as collateral agent in respect of the 2022 Convertible Notes, to further provide its consent therefor.

In accordance with the terms of the 2022 Convertible Notes and in connection with the November 2020 Amendments, Holdco, 1255096 B.C. Ltd. and SAMA (as the surviving corporation of the Merger) each entered into a guarantee agreement in favor of the collateral agent in respect of the 2022 Convertible Notes (the "Guarantees") and became guarantors thereunder. Further, the terms of the amended and restated pledge agreement, dated as of May 10, 2019, made by Clever Leaves in favor of the collateral agent was amended such that Holdco and certain of its subsidiaries, as the case may be, in connection with the Business Combination, pledged all of the shares in the capital of each of Clever Leaves, 1255096 B.C. Ltd., SAMA (as the surviving corporation of the Merger), Northern Swan International, Inc. and NS US Holdings, Inc. to the collateral agent.

Subsequently, on July 19, 2021, the 2022 Convertible Notes with accrued interest through that date were settled. Please refer to Note 16 for more details.

CLEVER LEAVES HOLDINGS INC.

Notes to the Unaudited Condensed Consolidated Financial Statements

(Amounts in thousands of U.S. dollars, except share and per share amounts and where otherwise noted)

Herbal Brands Loan due May 2023

In April 2019 and in connection with the Herbal Brands acquisition, the Company entered into a loan agreement with Rock Cliff Capital under which the Company secured a non-revolving loan of \$8,500 (the "Herbal Brands Loan"). The Herbal Brands Loan bears interest at 8.00% per annum, calculated based on the actual number of days elapsed, due and payable in arrears on the first day of each fiscal quarter commencing July 1, 2019. The Herbal Brands Loan is to be repaid or prepaid prior to its maturity date May 2, 2023 and requires the Company to repay, on a quarterly basis, 85% of positive operating cash flows. The Company can also choose to prepay a portion of or the full balance of the loan, subject to a fee equal to the greater of (i) zero, and (ii) \$2,338, net of interest payments already paid on such prepayment date. This loan is secured by inventory, property plant and equipment and other assets as collateral.

In connection with the Herbal Brands Loan, the Company issued equity-classified warrants for Class C preferred shares to Rock Cliff Capital (the "Rock Cliff Warrants") with an initial fair value of \$717, which was reflected in additional paid-in capital, with an initial expiration date of May 3, 2021. Refer to Note 11 for further details regarding the

Rock Cliff Warrants.

The Herbal Brands Loan and Rock Cliff Warrants were deemed freestanding financial instruments with the loan accounted for as debt, subsequently measured using amortized cost, and the Rock Cliff Warrants, representing a written call option, accounted for as an equity-classified contract with subsequent changes in fair value not recognized as long as warrants continue to be classified as equity. Using a relative fair value method, at the time of issuance the Company recognized approximately \$7,783 as loans and borrowings and approximately \$717 in additional paid-in capital for the equity classified warrant.

In August 2020, the Company amended certain terms of the Herbal Brands Loan to provide for additional interest of 4.00% per annum, compounding quarterly and payable in-kind at maturity. In addition, the Company extended the expiration date of the Rock Cliff Warrants to May 3, 2023. As part of the amendment, the parties agreed to defer the covenant testing under the Herbal Brands Loan until September 30, 2021. The Company accounted for the amendment to the Herbal Brands Loan as a debt modification. Due to the extension of the warrants expiration, the Company reviewed the fair value of the options before and after the amendment, as a result the Company recognized approximately \$400 of additional debt issuance costs related to the increase in the fair value of the warrants in its statement of financial position. Such costs will be amortized on a straight-line basis through the amended expiration date of the Rock Cliff Warrants.

Following the closing of the Business Combination and pursuant to the terms, the holder of the Rock Cliff Warrants can purchase 63,597 of the Company's common shares at a strike price of \$26.73 per share.

For the six months ended June 30, 2021 and 2020, the Company recognized interest expense of approximately \$390 and \$310, respectively, and repaid approximately \$1,107 and \$429, respectively, of the Herbal Brands Loan in accordance with the terms of the loan agreement. For the three months ended June 30, 2021 and 2020, the Company recognized interest expense of approximately \$188 and \$154, respectively, and repaid approximately \$1,107 and \$414, respectively, of the Herbal Brands Loan in accordance with the terms of the loan agreement.

Other Borrowings

Portugal line of credit

In January 2021, Clever Leaves Portugal Unipessoal LDA borrowed EUR 1.00 million (the "Portugal Line of Credit"), from a local lender (the "Portugal Lender") under the terms of its credit line agreement. The Portugal Line of Credit pays interest quarterly at a rate of Euribor plus 3.0 percentage points. Principal will be repaid through quarterly installments of approximately EUR 62.5 beginning February 28, 2022. As of June 30, 2021, the full amount borrowed was outstanding under the Portugal Line of Credit.

CLEVER LEAVES HOLDINGS INC.

Notes to the Unaudited Condensed Consolidated Financial Statements

(Amounts in thousands of U.S. dollars, except share and per share amounts and where otherwise noted)

11. CAPITAL STOCK

Common Shares

As of June 30, 2021, the Company's amended and restated articles provided for an unlimited number of voting common shares without par value and an unlimited number of non-voting common shares without par value.

Preferred Shares

As of June 30, 2021, the Company's amended and restated certificate of incorporation provided for an unlimited number of preferred shares without par value. As of June 30, 2021, the Company had no preferred shares issued and outstanding.

Business Combination

In connection with the Business Combination, the consolidated statement of shareholders' equity has been retroactively restated to reflect the number of shares received in the Business Combination. The consolidated statement of shareholders' equity as of December 31, 2020 reflects the following transactions consummated in connection with the Business Combination in regards to outstanding instruments of Clever Leaves: (i) the conversion of the Series E Convertible Debentures to 984,567 of the Company's common shares, (ii) the conversion of the redeemable non-controlling interest of Eagle Canada, a former subsidiary of the Company, to 1,562,339 of the Company's common shares, adjusted to reflect the secondary sale of 287,564 of the Company's common shares, (iii) the automatic conversion, on a one-for-one basis, of Clever Leaves' Class C convertible preferred shares to 1,456,439 of the Company's common shares triggered by the consummation of the Business Combination, (iv) the automatic conversion, at the liquidation preference of 1.4x and conversion price per share of \$3.288, of Class D Preferred Shares to 3,571,591 of the Company's common shares triggered by the consummation of the Business Combination (a Class D Liquidation Event), (v) the exercise of the warrants held by Neem Holdings, LLC for 300,000 of the Company's common shares, and (vi) the recapitalization of 1,168,421 shares and 8,486,300 shares of outstanding SAMA founders stock and SAMA common stock, respectively, to 9,654,721 of the Company's common shares.

In addition, SAMA founders received 1,140,423 common shares in exchange for their SAMA common stock as earnout shares. Under the terms these shares would be released from escrow as follows: (i) shares constituting 50% of the common shares reserve will be released to the Sponsor if the closing price of the Company's common shares on Nasdaq equals or exceeds \$12.50 per share (as adjusted for shares splits, reverse splits, stock dividends, reorganizations, recapitalizations) for any 20 trading days within any consecutive 30 trading day period on or before the second anniversary of the Closing, and (ii) shares constituting the remaining 50% of the common shares reserve will be released to the Sponsor if the closing price of the Company's common shares on Nasdaq equals or exceeds \$15.00 per share (as adjusted for stock splits, reverse splits, stock dividends, reorganizations, recapitalizations) for any 20 trading days within any consecutive 30 trading day period on or before the fourth anniversary of the Closing. As of December 31, 2020, the shares were legally outstanding, however since none of the performance condition were met, no shares were included in the Company's statement of shareholders equity. During the three months ended June 30, 2021, the condition for the first 50% of the shares reserve was met and therefore 570,212 shares are included in the Company's statement of shareholders equity.

Warrants

As of June 30, 2021, excluding the Rock Cliff warrants, the Company had outstanding 12,877,361 of its public warrants classified as a component of equity and 4,900,000 of its private warrants recognized as liability. Each warrant entitles the holder to purchase one common share at an exercise price of \$11.50 per share commencing 30 days after the closing of the Business Combination and will expire on December 18, 2025, at 5:00 p.m., New York City time, or earlier upon redemption. Once the warrants are exercisable, the Company may redeem the outstanding public warrants at a price of \$0.01 per warrant if the last reported sales price of the Company's common shares equals or exceeds \$18.00 per share (as adjusted for share splits, share capitalizations, reorganizations, recapitalizations and the like) for any 20 trading days within a 30 trading day period ending on the third trading day prior to the date on which the Company will send the notice of redemption to the warrant holders. The private warrants were issued in the same form as the public warrants but they (i) are not redeemable by the Company and (ii) may be exercised for cash or on a cashless basis at the holder's option, in either case as long as they are held by the initial purchasers or their permitted transferees (as defined in the warrant agreement). Once a private warrant is transferred to a holder other than an

affiliate or permitted transferee, it is treated as a public warrant for all purposes. The terms of the warrants may be amended in a manner that may be adverse to holders with the approval of the holders of at least a majority 50.1% of the then outstanding warrants.

[Table of Contents](#)

CLEVER LEAVES HOLDINGS INC.

Notes to the Unaudited Condensed Consolidated Financial Statements

(Amounts in thousands of U.S. dollars, except share and per share amounts and where otherwise noted)

For the six months ended, June 30, 2021, the Company received total proceeds of \$1,410 from the exercise of 122,639 of its public warrants by their holders.

The private warrants are recorded as liabilities, with the offset to additional paid-in capital, and measured at fair value at inception and at each reporting period in accordance with ASC 820, *Fair Value Measurement*, with changes in fair value recognized in the statement of operations and comprehensive loss in the period of change. As at June 30, 2021, the Company performed a valuation of the private warrants and as a result recorded a loss on remeasurement of approximately \$3,675 in its statement of operations and comprehensive loss.

Series D Convertible Notes due March 2022

In connection with the issuance of the 2022 Convertible Notes, Clever Leaves issued 9,509 warrants to acquire Clever Leaves common shares to one of the note holders. The warrants vest when the 2022 Convertible Note issued to the warrant holder is converted into shares and expire on March 30, 2023. The warrants were cancelled in July 2021 upon repayment of the 2022 Convertible Note. Refer to Note 16. for more information.

Herbal Brands Acquisition

In April 2019, the Company issued the Rock Cliff Warrants to purchase 193,402 Clever Leaves Class C convertible preferred shares on a 1:1 basis, at a strike price of \$8.79 per share. The fair value of the Rock Cliff Warrants was \$717. The warrants can be exercised in part or in whole at any time prior to the expiration date of May 3, 2021, and are not assignable, transferable, or negotiable.

In August 2020 and in connection with the Company's modification to the Herbal Brands Loan, the Company extended the expiration date of the Rock Cliff Warrants to May 3, 2023. Following the closing of the Business Combination and pursuant to the terms, the holder of the Rock Cliff Warrants can purchase 63,597 of the Company's common shares at a strike price of \$26.73 per share.

12. GENERAL AND ADMINISTRATION

The components of general and administrative expenses were as follows:

	Six months ended		Three Months Ended	
	June 30, 2021	June 30, 2020	June 30, 2021	June 30, 2020
Salaries and benefits	\$ 6,986	\$ 8,826	\$ 3,660	\$ 4,280
Office and administration	2,466	1,279	1,280	651
Professional fees	3,807	2,975	1,573	1,579
Share based compensation	4,873	713	3,323	297
Rent	657	770	397	305
Other	559	821	373	152
Total	\$ 19,348	\$ 15,384	\$ 10,606	\$ 7,264

(In thousands of U.S. dollars, except where otherwise noted and share and per share amounts)

13. SHARE-BASED COMPENSATION

Stock Options

The following table summarizes the Company's stock option activity since December 31, 2020:

	Stock Options	Weighted-Average Exercise Price	Weighted-Average Remaining Contractual Term (Years)	Aggregate Intrinsic Value
Balance as at December 31, 2020	896,888	\$ 5.22	3.96	\$ 2,889
Granted	60,079	\$ 13.92	9.70	—
Exercised	(40,942)	\$ 0.24	—	\$ 434
Forfeited	(27,857)	\$ 12.11	—	—

Expired	(85,399)	\$	8.40	—	—
Balance as at June 30, 2021	802,769	\$	5.96	3.97	\$ 3,361
Vested and expected to vest as at June 30, 2021	791,488	\$	5.90	4.09	\$ 3,364
Vested and exercisable as at June 30, 2021	413,241	\$	6.23	3.77	\$ 1,702

The aggregate intrinsic value of stock options is calculated as the difference between the exercise price of the stock options and the fair value of the Company's common shares for all stock options that had exercise prices lower than the fair value of the Company's common shares.

The weighted-average grant-date fair value per share of share-based awards granted during the six months ended June 30, 2021 was \$10.11.

Restricted Share Units

Time-based Restricted Share Units

The fair value for time-based RSUs is based on the closing price of the Company's common shares on the grant date.

The following table summarizes the changes in the Company's time-based restricted share unit activity during the three months ended June 30, 2021:

	Restricted Share Units	Weighted-Average Grant Date Fair Value
Unvested as of December 31, 2020	78,634	\$ 3.25
Granted	365,300	14.04
Vested	(12,824)	8.66
Canceled/forfeited	(6,219)	13.89
Unvested as of June 30, 2021	424,891	\$ 12.28

Market-based Restricted Share Units

During the six months ended June 30, 2021, the Company granted RSUs with both a market condition and a service condition (market-based RSUs) to the Company's employees. The market-based condition for these awards requires that the Company's

[Table of Contents](#)

CLEVER LEAVES HOLDINGS INC.

Notes to the Unaudited Condensed Consolidated Financial Statements

(Amounts in thousands of U.S. dollars, except share and per share amounts and where otherwise noted)

common shares maintain a closing price equal to or greater than \$12.50 or \$15.00 per share for any 20 trading days within any consecutive 30 trading day period on or before December 18, 2022 or December 18, 2024, respectively. Provided that the market-based condition is satisfied, and the respective employee remains employed by the Company, the market-based restricted share units will vest in four equal annual installments on the applicable vesting date.

The following table presents the weighted-average assumptions used in the Monte Carlo simulation model to determine the fair value of the market-based restricted share units granted in the six months ended June 30, 2021:

	Six Months Ended June 30, 2021
Grant date share price	\$ 14.40
Risk-free interest rate	0.5 %
Expected dividend yield	0.0 %
Expected volatility	90 %
Expected life (in years)	1.8 - 3.8

The following table summarizes the changes in the Company's market-based restricted share unit activity during the six months ended June 30, 2021:

	Restricted Share Units	Weighted-Average Grant Date Fair Value
Unvested as of December 31, 2020	—	\$ —
Granted	1,038,718	13.89
Canceled/forfeited	(20,666)	4.02
Unvested as of June 30, 2021	1,018,052	\$ 13.89

No market-based RSUs vested during the six months ended June 30, 2021.

Please refer to Note 16 for RSUs granted subsequent to June 30, 2021.

Share-Based Compensation Expense

The following table summarizes the Company's recognized share-based compensation expense for each of its awards for the periods presented:

Share-based compensation award type	Six Months Ended		Three Months Ended	
	June 30, 2021	June 30, 2020	June 30, 2021	June 30, 2020
Stock Options	721	713	365	297
RSUs	4,152	—	2,958	—
Total Shared Based Compensation Expense	4,873	713	3,323	297

The Company recognized share-based compensation expense in general and administrative expense in its Condensed Consolidated Statements of Operations.

14. SEGMENT REPORTING

Operating segments include components of an enterprise about which separate financial information is available that is evaluated regularly by the chief operating decision maker (the Company's Chief Executive Officer, "CEO") in deciding how to allocate resources and in assessing the Company's performance.

Operating segments for the Company are organized by product type and managed by segment managers who are responsible for the operating and financial results of each segment. Due to the similarities in the manufacturing and distribution processes for the Company's products, much of the information provided in these consolidated financial statements and the footnotes to the consolidated financial statements, is similar to, or the same as, that information reviewed on a regular basis by the Company's CEO.

The Company's management evaluates segment profit/loss for each of the Company's operating segments. The Company defines segment profit/loss as income from continuing operations before interest, taxes, depreciation, amortization, share-based compensation expense, gains/losses on foreign currency fluctuations, gains/losses on the early extinguishment of debt and miscellaneous expenses. Segment profit/loss also excludes the impact of certain items that are not directly attributable to the reportable segments' underlying operating performance. Such items are shown below in the table reconciling segment profit to consolidated income from continuing operations before income taxes. The Company does not have any material inter-segment sales. Information about total assets by segment is not disclosed because such information is not reported to or used by the Company's CEO. Segment goodwill and other intangible assets, net, are disclosed in Note 9 and Note 8, respectively.

As of June 30, 2021, the Company's operations were organized in the following two reportable segments:

1. The Cannabinoid operating segment: comprised of the Company's cultivation, extraction, manufacturing and commercialization of cannabinoid products. This operating segment is in the early stages of commercializing cannabinoid products internationally pursuant to applicable international and domestic legislation, regulations, and other permits. The Company's principal customers and sales for its products will initially be outside of the U.S.
2. Non-Cannabinoid operating segment: comprised of the brands acquired as part of the Herbal Brands acquisition in April 2019. The segment is engaged in the business of formulating, manufacturing, marketing, selling, distributing, and otherwise commercializing homeopathic and other natural remedies, wellness products, detoxification products, nutraceuticals, and nutritional and dietary supplements. The Company's principal customers for its Herbal Brands products include mass retailers, specialty and health retailer and distributors in the U.S.

(Amounts in thousands of U.S. dollars, except share and per share amounts and where otherwise noted)

The following table is a comparative summary of the Company's net sales and segment profit by reportable segment for the periods presented:

Segment Net Sales:	Six Months Ended		Three Months Ended	
	June 30, 2021	June 30, 2020	June 30, 2021	June 30, 2020
Cannabinoid	\$ 1,256	\$ 395	\$ 579	\$ 153
Non-Cannabinoid	5,893	4,458	3,093	1,786
Total Net Sales	7,149	4,853	3,672	1,939
Segment Profit (Loss):				
Cannabinoid	(6,468)	(9,855)	(3,604)	(4,454)
Non-Cannabinoid	1,246	413	634	(67)
Total Segment Loss	\$ (5,222)	\$ (9,442)	\$ (2,970)	\$ (4,521)

Reconciliation:

Total Segment Loss	(5,222)	(9,442)	(2,970)	(4,521)
Unallocated corporate expenses	(6,173)	(3,945)	(2,786)	(2,141)
Non-cash share based compensation	(4,873)	(713)	(3,323)	(297)
Depreciation and amortization	(1,103)	(717)	(524)	(365)
Goodwill impairment	—	(1,682)	—	—
Loss from operations	\$ (17,371)	\$ (16,499)	\$ (9,603)	\$ (7,325)
Loss on fair value of derivative instrument	—	—	—	(13)
Loss(gain) on remeasurement of warrant liability	3,675	—	(1,176)	—
Loss on investments	—	228	—	67
Foreign exchange loss	839	359	80	311
Interest expense	1,898	1,789	920	953
Miscellaneous, net	(1,087)	48	(485)	105
Loss before loss from equity investment	\$ (22,696)	\$ (18,923)	\$ (8,942)	\$ (8,748)

During 2021 and 2020, the Company's net sales for the non-cannabinoid segment were in the U.S.; cannabinoid net sales were outside of the U.S., primarily in Colombia, Israel, Brazil and Australia.

	June 30, 2021	December 31, 2020
Long-lived assets		
Cannabinoid	\$ 28,528	\$ 25,485
Non-Cannabinoid	151	176
Other(a)	25	19
	\$ 28,704	\$ 25,680

(a) "Other" includes long-lived assets primarily in the Company's corporate offices.

Long-lived assets consist of non-current assets other than goodwill; intangible assets, net; deferred tax assets; investments in unconsolidated subsidiaries and equity securities; and financial instruments. The Company's largest markets in terms of long-lived assets are Colombia and Portugal.

[Table of Contents](#)

CLEVER LEAVES HOLDINGS INC.**Notes to the Unaudited Condensed Consolidated Financial Statements**

(Amounts in thousands of U.S. dollars, except share and per share amounts and where otherwise noted)

The following table disaggregates the Company's revenues by channel for the periods presented:

	Six Months Ended		Three Months Ended	
	June 30, 2021	June 30, 2020	June 30, 2021	June 30, 2020

E-commerce	285	335	153	93
	\$ 7,149	\$ 4,853	\$ 3,672	\$ 1,939

15. NET LOSS PER SHARE

Basic net loss per share is calculated by dividing net loss by the weighted-average number of common shares outstanding during the year, without consideration for common share equivalents. Diluted net loss per share is computed by dividing net loss by the weighted-average number of common share equivalents outstanding for the year determined using the treasury-stock method. For purposes of this calculation, common share warrants and stock options are considered to be common share equivalents and are only included in the calculation of diluted net loss per share when their effect is dilutive.

The following table sets forth the computation of basic and diluted net loss and the weighted average number of shares used in computing basic and diluted net loss per share:

	Six Months Ended		Three Months Ended	
	June 30, 2021	June 30, 2020	June 30, 2021	June 30, 2020
Numerator:				

Net loss	\$	(22,721)	\$	(18,939)	\$	(8,956)	\$	(8,753)
Adjustments to reconcile to net loss available to common stockholders:								
Net loss attributable to non-controlling interests		—		(1,648)		—		(744)
Net loss attributable to Clever Leaves Holdings Inc. common shareholders — basic and diluted	\$	(22,721)	\$	(17,291)	\$	(8,956)	\$	(8,009)
Denominator:								
Weighted-average common shares outstanding - basic and diluted		25,311,077		9,052,317		25,588,987		9,800,604
Net loss per share attributable to Clever Leaves Holdings Inc. common shareholders - basic and diluted	\$	(0.90)	\$	(1.91)	\$	(0.35)	\$	(0.82)

The Company's potentially dilutive securities, which include common stock warrants, stock options, and invested restricted stock have been excluded from the computation of diluted net loss per share as the effect would be to reduce the net loss per share. Therefore, the weighted-average number of common shares outstanding used to calculate both basic and diluted net loss per share attributable to common shareholders is the same.

[Table of Contents](#)

CLEVER LEAVES HOLDINGS INC.
Notes to the Unaudited Condensed Consolidated Financial Statements
(Amounts in thousands of U.S. dollars, except share and per share amounts and where otherwise noted)

The Company excluded the following potential common shares, presented based on amounts outstanding at June 30, 2021 and 2020, from the computation of diluted net loss per share attributable to common shareholders because including them would have had an anti-dilutive effect:

	June 30, 2021	June 30, 2020
Common stock warrants	17,850,460	—
SAMA earnout shares	570,211	—
Stock options	802,769	1,083,498
Unvested restricted share units	1,442,943	—
Total	20,666,383	1,083,498

16. SUBSEQUENT EVENTS

2024 Notes Purchase Agreement

On July 19, 2021, the Company entered into a Note Purchase Agreement with Catalina LP (“the “Note Purchase Agreement”) and issued a secured convertible note (the “Convertible Note”) to Catalina LP (“SunStream”), an affiliate of SunStream Bancorp Inc., a joint venture initiative sponsored by Sundial Growers Inc. (Nasdaq: SNDL), pursuant to the Note Purchase Agreement in the principal amount of \$25,000. The Convertible Note matures three years from the date of issuance and accrues interest from the date of issuance at the rate of 5% per annum. Interest on the Convertible Note is payable on a quarterly basis, either in cash or by increasing the principal amount of the Convertible Note, at the Company's election. The Company may, in its sole discretion, prepay any portion of the outstanding principal and accrued and unpaid interest on the Convertible Note at any time prior to the maturity date.

The principal and accrued interest owing under the Convertible Note may be converted at any time by the holder into the Company's common shares, without par value (the “common share”), at a per share price of \$13.50. Up to \$12,500 in aggregate principal under the Convertible Note may be so converted within one year of issuance, subject to certain additional limitations.

Subject to certain limitations set forth in the Convertible Note, each of the Company and the noteholder may redeem all or a portion of the outstanding principal and accrued interest owing under the Convertible Note into common shares, at a per share price equal to the greater of (x) an 8% discount to the closing price per share on the applicable redemption date or (y) \$6.44 (the “Optional Redemption Rate”). Up to \$12,500,000 in aggregate principal under the Convertible Note may be so redeemed within one year of issuance, subject to certain additional limitations.

If the closing price per share of the Company's common shares on the Nasdaq Capital Market is below \$7.00 for 15 consecutive trading days, neither party will be permitted to redeem any portion of the Convertible Note until the closing price per common share has been above \$7.00 for 15 consecutive trading days, and the holder of the Convertible Note may elect to receive cash repayment of principal and accrued interest on the Convertible Note, in an amount not to exceed \$3,500,000 in any 30 consecutive calendar day period, which amount shall be reduced to \$2,000,000 when the principal on the Convertible Note is less than \$12,500,000.

The holder of the Convertible Note will not be entitled to convert any portion of the Convertible Note if, after such conversion, such holder would have beneficial ownership of, and direct or indirect control or direction over, more than 9.99% of the Company's outstanding common shares.

The Convertible Note is subject to certain events of default. The occurrence of these events of default would give rise to a five percent (5%) increase in the interest rate to a total of ten percent (10%) per annum for as long as the event of default continues, and give the holder of the Convertible Note the right to redeem the outstanding principal and accrued interest on the Convertible Note at the Optional Redemption Rate. Certain events of default (including the failure of a registration statement to be declared by the SEC effective within 90 days of issuance in accordance with the Registration Rights Agreement described below) also require the Company to repay all outstanding principal and accrued interest on the Convertible Note. In addition, in

(In thousands of U.S. dollars, except where otherwise noted and share and per share amounts)

16. SUBSEQUENT EVENTS (cont.)

certain circumstances, if the Company fails to timely deliver common shares as required upon conversion or redemption of the Convertible Note, then the Company will be required to pay, on each day that such failure to deliver common shares continues, an amount in cash equal to 0.75% of the product of (x) the number of common shares the Company failed to deliver multiplied by (y) any closing trading price of the common shares on any day during the period when such shares were required to be delivered. The obligations of the Company under the Note Purchase Agreement are guaranteed by certain of the Company's subsidiaries.

Repayment of 2022 Convertible Notes

On July 19, 2021, the Company fully repaid its 2022 Convertible Notes with accrued interest and cancelled the associated warrants. Under the Payout and Release Agreement, the Company agreed to pay an amount equal to the sum of 90% of the aggregate outstanding principal amount on the 2022 Convertible Notes with accrued interest and certain legal fees to repay the 2022 Convertible Notes.

Grant of RSUs

On July 1, 2021, the Company granted 431,566 additional RSUs to employees with 4 years vesting period available under the 2020 Earnout Award Plan. Please refer to Note 13 for more details on the 2020 Earnout Plan.

ITEM 2. MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS**Our Company**

We are a multi-national cannabis company with the mission to be an industry-leading global cannabinoid company recognized for our principles, people and performance while fostering a healthier global community. We are working to develop one of the industry's leading, low-cost global business-to-business supply chains with the goal of providing high quality, pharmaceutical grade cannabis and wellness products to customers and patients at competitive prices. In addition to the cannabinoid business, we are also engaged in the non-cannabinoid business of formulating, manufacturing, marketing, selling, distributing, and otherwise commercializing homeopathic and other natural remedies, wellness products, and nutraceuticals. We continue to invest in building a distribution network with a global footprint, with operations and investments in Colombia, Portugal, Germany, the United States and Canada.

Our business model is focused on partnering with leading and emerging cannabis businesses by providing them with lower cost product, variable cost structures, reliable supply throughout the year, and accelerated speed to market. This is achievable due to our production locations, capacity, product registrations and various product certifications. To date, we have had limited export shipments of our cannabis products to Australia, Brazil, Canada, Chile, Germany, Israel, Italy, the Netherlands, New Zealand, Peru, Poland, Spain, South Africa, the United Kingdom and the United States.

We manage our business in two segments: the Cannabinoid and Non-Cannabinoid segments.

1. The Cannabinoid operating segment is comprised of the Company's cultivation, extraction, manufacturing, commercialization, and distribution of cannabinoid products. This operating segment is in the early stages of commercializing cannabinoid products internationally subject to applicable international and state laws and regulations. All our customers and sales for our cannabinoid segment products are presently outside of the U.S.

2. The Non-Cannabinoid operating segment is comprised of the brands and manufacturing assets acquired as part of our acquisition of Herbal Brands. The segment is engaged in the business of formulating, manufacturing, marketing, selling, distributing, and otherwise commercializing wellness products and nutraceuticals, excluding cannabinoid products. Our principal customers for the Herbal Brands products include specialty and health retailers, mass retailers and specialty and health stores in the U.S.

Factors Impacting our Business

We believe that our future success will primarily depend on the following factors:

Globalization of the industry. Due to our multi-national operator ("MNO") model focused on geographic diversification, which distinguishes us from many of our competitors and allows us to scale our production in low-cost regions of the world, we believe we are well positioned to capitalize in markets where the medical cannabis and hemp industry offers a reasonably regulated and free flow of goods across national boundaries. While certain countries, such as Canada, have historically not welcomed imported cannabis or hemp products for commercial purposes, other countries, such as Germany and Brazil, depend primarily on imports.

Global medical market expansion. We believe that we are well-positioned to capitalize on expansion of global cannabis markets, as more legal medical cannabis geographies emerge. Medical cannabis is now authorized at the national or federal level in over 41 countries, and more than half of these countries have legalized or introduced significant reforms to their cannabis-use laws to broaden the scope of permitted medical uses beyond the original parameters. Over the past three years, we have established regional operations in Canada, Colombia, Portugal, and Germany, and we have invested significant resources in personnel and partnerships to build the foundation for new export channels.

Product development and innovation. Because of the rapid evolution of the cannabis industry, the disparate regulations across different geographies, and the time required to develop and validate pharmaceutical-grade products, the pace at which we can expand our portfolio of products and formulations will impact market acceptance for our products. To increase our output while maintaining or reducing unit costs, we may need to enhance our cultivation, extraction, and other processing methods. We believe our focus on the production of proprietary and exclusive products or formulations that comply with stringent regulations, or that result in enhanced benefits for patients or consumers, could create advantages in various markets.

Regulatory expertise and adaptation. As more markets welcome the importation of cannabis or hemp products for commercial purposes, which requires navigating and complying with the strict and evolving cannabis regulations across the different geographies, we believe that we are well positioned to expand in these markets. Clever Leaves has built a global regulatory team that is experienced in developing good relationships with regulatory agencies and governments that govern and shape the cannabis industry in their respective jurisdictions. Key expertise includes complying with and securing quotas, product approvals, export permits, import permits and other geographic specific licenses.

Strategically expanding productive capacity and manufacturing capabilities. It is beneficial to have low operating costs and to control the production process to generate consistency and quality on a large scale. As we expand into new markets and grow our presence in existing markets, we expect significant investments in cultivation and processing will be required, which may necessitate additional capital raises. We also aim to increase productive capacity through innovation in cultivation or processing methods, improving yields and output levels of our existing assets. While we believe our core cultivation and extraction operations in Colombia are adequately sized for our current business operations, as our cannabis sales grow and expand to flower products, we plan to expand our operations and invest in advanced processing or finished good manufacturing capabilities, particularly in Colombia and Portugal.

Key Operating Metrics

We use the following key operating metrics to evaluate our business and operations, measure our performance, identify trends affecting our business, project our future performance and make strategic decisions. Other companies, including companies in our industry, may calculate key operating metrics with similar names differently, which may reduce their usefulness as comparative measures.

The following table presents select operational and financial information of the Cannabinoid segment for the three and six months ended June 30, 2021 and 2020:

Operational information:	Three months ended June 30,			Change
	2021	2020		
<i>(In \$000s, except kilogram and per gram data)</i>				
Kilograms (dry flower) harvested(a)	11,464	16,948	(5,484)	(32)%
Costs to produce (b)	\$ 2,476	\$ 1,930	\$ 546	28 %
Costs to produce per gram	\$ 0.22	\$ 0.11	\$ 0.11	100 %
Selected financial information:				
Revenue	\$ 579	\$ 153	\$ 426	278 %
Kilograms sold (c)	2,401	2,231	170	8 %
Revenue per grams sold	\$ 0.24	\$ 0.07	\$ 0.17	243 %
Six months ended June 30,				
Operational information:	2021	2020	Change	
<i>(In \$000s, except kilogram and per gram data)</i>				
Kilograms (dry flower) harvested(a)	27,322	28,707	(1,385)	(5)%
Costs to produce (b)	\$ 4,634	\$ 3,674	\$ 960	26 %
Costs to produce per gram	\$ 0.17	\$ 0.13	\$ 0.04	31 %
Selected financial information:				
Revenue	\$ 1,256	\$ 395	\$ 861	218 %
Kilograms sold(c)	4,883	3,487	1,396	40 %
Revenue per grams sold	\$ 0.26	\$ 0.11	\$ 0.15	136 %

[Table of Contents](#)

(a) Kilograms (dry flower) harvested — represents the weight of dried plants post-harvest both for sale and for research and development purposes. This operating metric is used to measure the productivity of our farms.

(b) Costs to produce — includes costs associated with cultivation, extraction, depreciation, quality assurance and supply chain related to kilograms (dry flower)

(c) Kilograms sold — represents the amount in kilograms of product sold in dry plant equivalents. Extract is converted to dry plant equivalent for purposes of this metric.

During three months ended June 30, 2021 and 2020 we sold 2,401 and 2,231 kilograms, respectively, of dry flower equivalents. For the three months ended June 30, 2021, our cannabinoid segment sales were primarily in Colombia, Australia, and Israel. The increase was primarily driven by the Company's continued expansion of its sales activity for cannabinoid products.

During the six months ended June 30, 2021 and 2020 we sold 4,883 and 3,487 kilograms, respectively, of dry flower equivalents. For the six months ended June 30, 2021, our cannabinoid segment sales were primarily in Colombia, Australia, Israel and Brazil. The increase was primarily driven by the Company's continued expansion of its sales activity for cannabinoid products.

We harvested 11,464 kilograms of cannabinoids in the three months ended June 30, 2021, as compared to 16,948 kilograms in the three months ended June 30, 2020. The decrease was primarily attributable to adjustment in our planned production capacity at the Company's Colombia facilities, partly offset by addition of production capacity at the Company's Portugal facilities.

We harvested 27,322 kilograms of cannabinoids in the six months ended June 30, 2021, as compared to 28,707 kilograms in the six months ended June 30, 2020. The decrease was primarily attributable to adjustment in our planned production capacity at the Company's Colombia facilities, partly offset by addition of production capacity at the

Company's Portugal facilities.

Costs to produce were approximately \$0.22 per gram of dry flower equivalent for the three months ended June 30, 2021, as compared to \$0.11 per gram of dry flower equivalent for the three months ended June 30, 2020. The increase in costs to produce per gram is primarily driven by initially higher production costs in our Portugal facility as we continue with its expansion. The increase in costs was partly reduced by lower production costs at our facilities in Colombia and the resulting economies of scale.

Costs to produce were approximately \$0.17 per gram of dry flower equivalent for the six months ended June 30, 2021, as compared to \$0.13 per gram of dry flower equivalent for the six months ended June 30, 2020. The increase in costs to produce per gram is primarily driven by initially higher production costs in our Portugal facility as we continue with its expansion. The increase in costs was partly reduced by lower production costs at our facilities in Colombia and the resulting economies of scale.

Recent Developments

COVID-19 Pandemic

The Company expects its operations to continue to be affected by the ongoing outbreak of the 2019 coronavirus disease ("COVID-19"), which was declared a pandemic by the WHO in March 2020. The spread of COVID-19 has severely impacted many economies around the globe. In many countries, including those where the Company operates, businesses have been forced to cease or limit operations for long or indefinite periods of time. Measures taken to contain the spread of the virus, including travel bans, quarantines, social distancing, and closures of non-essential services have triggered significant disruptions to businesses worldwide, resulting in an economic slowdown. Given the continued evolution of the COVID-19 pandemic and the related complexities and uncertainties associated with the additional variants, the Company's business operations could be significantly impacted. We continue to monitor closely the impact of COVID-19, with a focus on the health and safety of our employees, and business continuity.

For more information on the potential impact of COVID-19 on our business, refer to *Risk Factors — Risks Related to Our Business — The current outbreak of the novel coronavirus, or COVID-19, has caused severe disruptions in the global economy and to our business, and may have an adverse impact on our performance and results of operations* in our 2020 Form 10-K.

[Table of Contents](#)

Closing of the Business Combination

On December 18, 2020, Clever Leaves and SAMA consummated the previously announced Business Combination contemplated by the Amended and Restated Business Combination Agreement, dated as of November 9, 2020, by and among SAMA, Clever Leaves, the Company and Merger Sub.

Pursuant to the Business Combination Agreement, each of the following transactions occurred in the following order: (i) pursuant to a court-approved Canadian plan of arrangement (the "Plan of Arrangement" and the arrangement pursuant to such Plan of Arrangement, the "Arrangement"), at 11:59 p.m., Pacific time, on December 17, 2020 (2:59 a.m., Eastern time, on December 18, 2020) (a) all of the Clever Leaves shareholders exchanged their Class A common shares without par value of Clever Leaves ("Clever Leaves common shares") for our common shares without par value ("common shares") and/or non-voting common shares without par value ("non-voting common shares") (as determined in accordance with the Business Combination Agreement) and (b) certain Clever Leaves shareholders received approximately \$3,100 in cash in the aggregate (the "Cash Arrangement Consideration"), such that, immediately following the Arrangement, Clever Leaves became our direct wholly-owned subsidiary; (ii) at 12:01 a.m., Pacific time (3:01 a.m. Eastern time), on December 18, 2020, Merger Sub merged with and into SAMA, with SAMA surviving such merger as our direct wholly-owned subsidiary (the "Merger") and, as a result of the Merger, all of the shares of SAMA common stock were converted into the right to receive common shares as set forth in the Business Combination Agreement; (iii) immediately following the consummation of the Merger, we contributed 100% of the issued and outstanding capital stock of SAMA (as the surviving corporation of the Merger) to Clever Leaves, such that, SAMA became a direct wholly-owned subsidiary of Clever Leaves; and (iv) immediately following the contribution of SAMA to Clever Leaves, Clever Leaves contributed 100% of the issued and outstanding shares of NS US Holdings, Inc., a Delaware corporation and a wholly-owned subsidiary of Clever Leaves, to SAMA. Upon the closing of the Merger, SAMA changed its name to Clever Leaves US, Inc.

On December 18, 2020, SAMA's units, shares of SAMA common stock and warrants ceased trading on The Nasdaq Stock Market ("Nasdaq"), and our common shares and warrants began trading on Nasdaq under the symbols "CLVR" and "CLVRW," respectively.

2022 Convertible Note Payoff

In connection with the Business Combination, on November 9, 2020, Clever Leaves and the noteholders agreed to amend the terms of the 2022 Convertible Notes to, among other matters, decrease the interest rate to 8%, commencing January 1, 2021, and provide that such interest is to be paid in cash, quarterly in arrears, and also provides the Company with the option to satisfy the payment of quarterly interest by issuing common shares to the noteholders.

On July 19, 2021, we prepaid the holders of the 2022 Convertible Notes and the 2022 Convertible Notes were discharged. The aggregate amount prepaid by the Company was \$25,115 representing the sum of (1) ninety percent (90%) of the aggregate outstanding principal amount owing under the 2022 Convertible Notes; (2) all accrued interest through July 19, 2021 and (3) certain legal fees.

EU GMP Certification

On July 8, 2020, Clever Leaves received European Union Good Manufacturing Practices ("EU GMP") certification from the Croatian Agency for Medicinal Products and Medical Devices for its post-harvest and extraction facilities located in Colombia. EU GMP certification is expected to expand Clever Leaves' ability to serve the burgeoning European medical cannabis and hemp markets, which have rigorous quality, compliance, and regulatory requirements. Because we are among a small number of companies globally to have earned EU GMP certification, EU GMP certification is also expected to expand our early mover advantage in the pharmaceutical channel as global demand increases and more legal cannabis geographies emerge.

Portugal Licensing

In August 2020, we received a license from INFARMED to cultivate, import and export dried cannabis flower produced at our Portuguese cultivation site and, similar to other licensed cannabis companies in Portugal, we are listed as of August 2020 on INFARMED's Licensing Department's registry. Due to the COVID-19 pandemic and restrictions on INFARMED's ability to conduct a physical inspection of our Portuguese operation, the license was issued under a special licensing procedure and requires a confirmatory physical inspection from INFARMED. Our license provides our Portuguese operations the same rights and qualifications as licenses issued under the normal procedures, including the ability to conduct commercial operations. The physical inspection took place on August 27, 2020 and, upon successful completion of the inspection review, we expect our current license to be replaced with a license issued under the normal procedures. Under the current license granted by INFARMED, our production facility in Portugal is currently cultivating cannabis for commercial purposes. Our Portugal

[Table of Contents](#)

facility received the GACP certificate in March 2021. To maintain the GACP certificate, we must cultivate and operate under GACP guidelines.

In March 2021, we received a license from INFARMED to cultivate, import and export dried cannabis flower produced at our Portuguese cultivation site, replacing a similar provisional license issued to us during the COVID-19 Pandemic in August 2020. Our Portugal facility received third-party GACP certification in March 2021.

2024 Note Purchase Agreement and 2022 Convertible Notes repayment

On July 19, 2021, we entered into the Note Purchase Agreement with Catalina LP in a transaction exempt from registration pursuant to Section 4(a)(2) of the Securities Act, the Catalina LP Convertible Note in the principal amount of \$25,000. The Catalina LP Convertible Note matures three years from its issuance date, and we may prepay the outstanding principal and accrued interest on the Catalina LP Convertible Note at any time at our election. Interest accrues on the Catalina LP Convertible Note at five percent (5%) per annum and is payable on a quarterly basis, either in cash or, at our option, by increasing the principal amount of the note. The Catalina LP Convertible Note is guaranteed by certain subsidiaries of the Company and secured by pledged equity interests in certain subsidiaries of the Company.

The principal and accrued interest owing under the Catalina LP Convertible Note may be converted at any time by the holder into common shares at a per share price of \$13.50, subject to certain limitations. Up to \$12,500 in aggregate principal under the Catalina LP Convertible Note may be so converted within one year of issuance. In addition, each of the Company and the holder may redeem all or a portion of the outstanding principal and accrued interest owing under the Catalina LP Convertible Note into common shares, at a per share price equal to the greater of (x) an 8% discount to the closing price per share on the applicable redemption date or (y) \$6.44 (the "Optional Redemption Rate"), subject to certain limitations. Up to \$12,500 in aggregate principal under the Catalina LP Convertible Note may be so redeemed within one year of issuance.

The holder of the Catalina LP Convertible Note will not be entitled to convert any portion of the Catalina LP Convertible Note if, after such conversion, such holder would have beneficial ownership of, and direct or indirect control or direction over, more than 9.99% of the Company's outstanding common shares.

In connection with the issuance of the Catalina LP Convertible Note, we agreed, pursuant to a Registration Rights Agreement with Catalina LP dated as of July 19, 2021 (the "Catalina LP Registration Rights Agreement"), to register for resale with the SEC all of the common shares issuable under the Catalina LP Convertible Note, and in any event not less than 3,881,988 common shares (which represents the number of common shares that would be issuable if the entire principal amount of the Catalina LP Convertible Note was redeemed at the minimum Optional Redemption Rate). Under the Catalina LP Registration Rights Agreement, we are required to use commercially reasonable efforts to have such registration statement declared effective by the SEC within 90 calendar days of the Catalina LP Convertible Note issuance date, and to keep such registration statement continuously effective until the earlier of (x) 30 days after the maturity date of the Catalina LP Convertible Note or (y) the date on which all common shares issued or issuable upon conversion of the Catalina LP Convertible Note are no longer restricted securities under Rule 144 of the Securities Act. There are no contractual transfer restrictions or lock-up arrangements on the common shares issuable upon conversion or redemption of the Catalina LP Convertible Note.

Components of Results of Operations

Revenue — in our Cannabinoid segment, revenue is primarily comprised of sales of our cannabis products, which currently include cannabidiol isolate, full spectrum and standardized extracts. In our Non-Cannabinoid segment, revenue is primarily composed of sales of our nutraceutical products to our retail customers. As we have only recently begun to carry out our cannabinoid sales operations, our main revenues are derived from our Herbal Brands business.

Cost of Sales — in our Cannabinoid segment, cost of sales is primarily composed of pre-harvest, post-harvest and shipment and fulfillment. Pre-harvest costs include labor and direct materials to grow cannabis, which includes water, electricity, nutrients, integrated pest management, growing supplies and allocated overhead. Post-harvest costs include costs associated with drying, trimming, blending, extraction, purification, quality testing and allocated overhead. Shipment and fulfillment costs include the costs of packaging, labelling, courier services and allocated overhead. Total cost of sales also includes cost of sales associated with accessories and inventory adjustments. In our Non-Cannabinoid segment, cost of sales primarily includes raw materials, labor, and attributable overhead, as well as packaging labelling and fulfillment costs.

Revenue by Channel

(in thousands of U.S. dollars)

The following table provides our revenues by channel for the three and six months ended June 30, 2021 and 2020.

	Six months ended June 30,		Three months ended June 30,	
	2021	2020	2021	2020
Mass retail	\$ 3,609	\$ 2,033	\$ 1,721	\$ 1,012
Specialty, health and other retail	575	910	350	598
Distributors	2,680	1,575	1,448	236
E-commerce	285	335	153	93
Total	\$ 7,149	\$ 4,853	\$ 3,672	\$ 1,939

Revenue

Revenue increased to \$3,672 for the three months ended June 30, 2021 from \$1,939 for the three months ended June 30, 2020. The increase was due primarily to higher sales in our Non-Cannabinoid segment, driven by a favorable comparison to prior year quarter during which we saw a decline in sales as restrictions imposed due to COVID-19 resulted in the closure of store fronts

36

[Table of Contents](#)

or reduction in foot traffic for our retail partners. The increase was also due to increased sales from our Cannabinoid segment, as we continue to expand our sales pipeline.

Revenue increased to \$7,149 for the six months ended June 30, 2021 from \$4,853 for the six months ended June 30, 2020. The increase was primarily due to increased sales from our Non-Cannabinoid segment, which were impacted by COVID-19 and resulted in the closure of store fronts or reduction in foot traffic for our retail partners in the prior period, along with increased sales from our Cannabinoid segment, which were \$395 in the prior year period.

Cost of sales

Cost of sales increased to \$1,338 for the three months ended June 30, 2021, as compared to \$1,032 for the three months ended June 30, 2020, primarily due to increased sales activity when compared to prior period which was impacted as a result of the COVID-19 pandemic.

Cost of sales increased to \$2,584 for the six months ended June 30, 2021 as compared to \$1,785 for the six months ended June 30, 2020. The increase is due to increase in sales from both the Cannabinoid and Non-Cannabinoid segments in 2021.

Depreciation and amortization	15 %	15 %		
Total operating expenses	307 %	403 %		

Three months ended June 30, 2021 compared to three months ended June 30, 2020

General and administrative. General and administrative expenses increased to \$10,606 for the three months ended June 30, 2021 from \$7,264 for the three months ended June 30, 2020, primarily due to the increase in share-based compensation along with higher office and administration related costs (driven mainly by the insurance cost) related to a public company requirement. The increase was partially offset by lower salaries and benefits costs due to cost cutting measures.

Sales and marketing. Sales and marketing expenses increased to \$807 for the three months ended June 30, 2021 from \$603 for the three months ended June 30, 2020, primarily due to the increase in spending related to the potential launch of cannabinoid products along with the launch of Project Change Lives campaign in the U.S.

Depreciation and amortization. Depreciation and amortization expenses increased to \$524 for the three months ended June 30, 2021 from \$365 for the three months ended June 30, 2020, primarily due to capital expenditures for expansion of our cultivation and extraction assets, as well as higher amortization expense due to the acceleration of the period over which the useful life of the GNC intangible asset is amortized.

[Table of Contents](#)

Six months ended June 30, 2021 compared to six months ended June 30, 2020

General and administrative. General and administrative expenses increased to \$19,348 for the six months ended June 30, 2021 from \$15,384 for the six months ended June 30, 2020. The increase was primarily due to the increase in share-based compensation, professional fees, and office and administration (driven mainly by the insurance cost) related costs, related to company requirements. The increase was partially offset by lower salaries and benefits costs due to cost cutting measures.

Sales and marketing. Sales and marketing expenses decreased to \$1,485 for the six months ended June 30, 2021 from \$1,784 for the six months ended June 30, 2020, primarily due to our cost control measures to address the impact from the COVID-19 pandemic, partially offset by the increase in spending related to the potential launch of cannabinoid products along with the launch of Project Change Lives campaign in the US.

Goodwill impairment. For the six months ended June 30, 2020, the Company recognized a goodwill impairment of \$1,682 related to our Herbal Brands business. For more information, see Note 8 and Note 10 to our 2020 Form 10-K.

Depreciation and amortization. Depreciation and amortization expense increased to \$1,103 for the six months ended June 30, 2021 from \$717 for the six months ended June 30, 2020, primarily due to capital expenditures for the expansion of our cultivation and extraction assets. Additionally, the increase is attributable to the higher amortization expense during the six months ended June 30, 2021 due to increase of in-use assets, as well as the acceleration of the period over which the useful life of the GNC intangible asset is amortized.

Total	\$ 5,325	\$ 2,424	\$ 2,901	120 %

N/M: Not a meaningful percentage

Three months ended June 30, 2021 compared to three months ended June 30, 2020

Interest expense, net. Interest expense, net for the three months ended June 30, 2021 decreased to \$920 compared to \$953 for the three months ended June 30, 2020. Interest expense is primarily associated with the issuance of the 2022 Convertible Notes, as well as a promissory note issued in relation to the Herbal Brands acquisition.

Gain on remeasurement of warrant liability. Gain on remeasurement was \$1,176 for the three months ended June 30, 2021 compared to nil for the three months ended June 30, 2020. The gain is directly attributable to the remeasurement of the warrant

39

[Table of Contents](#)

liability at June 30, 2021. For more information refer to Note 11. to our unaudited condensed consolidated interim financial statements for the period ended June 30, 2021 included in this Form 10-Q.

Loss on investments. We recorded a loss on investment of \$67 for the three months ended June 30, 2020 related to the decline in the carrying value of our investment in Lift & Co. shares.

Gain on fair value of derivative instrument. We recorded a gain on fair value of derivative instrument of \$13 for the three months ended June 30, 2020 related to the derivative instrument for our investment in Lift & Co. warrants.

Foreign exchange loss. The impact of foreign exchange for the three months ended June 30, 2021 was a loss of \$80 compared to a loss of \$311 for the three months ended June 30, 2020. The foreign exchange losses for the three months ended June 30, 2020 were primarily driven by the currency fluctuations of the Colombian peso versus the U.S. Dollar.

Other (income) expenses, net. Other (income) expenses, net includes items not individually material to our consolidated financial statements.

Six months ended June 30, 2021 compared to six months ended June 30, 2020

Interest expense, net. Interest expense, net for the six months ended June 30, 2021 was \$1,898 compared to \$1,789 for the six months ended June 30, 2020. The increase was primarily attributable to increased interest expense associated with the additional paid-in-kind interest on the Herbal Brands loan, as well as higher debt issuance costs. The increase is partly offset by the lower interest rate on the 2022 Convertible Notes following the 2020 Convertible Note Amendments. For additional details, see Note 10. to our unaudited condensed consolidated interim financial statements for the period ended June 30, 2021 included in this Form 10-Q.

Loss on remeasurement of warrant liability. Loss on remeasurement was \$3,675 for the six months ended June 30, 2021 compared to nil for the six months ended June 30, 2020. The loss is directly attributable to the remeasurement of the warrant liability at June 30, 2021 due to change in underlying market price. For more information refer to Note 11. to our unaudited condensed consolidated interim financial statements for the three months ended June 30, 2021 included in this Form 10-Q.

Loss on investments. Loss on investment was nil for the six months ended June 30, 2021 compared to a loss of \$228 for the six months ended June 30, 2020. The loss on investments for the three months ended June 30, 2020 was primarily related to the decline in the carrying value of our investments in Lift & Co. shares and Cansativa.

Foreign exchange loss. The impact of foreign exchange for the six months ended June 30, 2021 was a loss of \$839 compared to a loss of \$359 for the six months ended June 30, 2020. The foreign exchange losses for the six months ended June 30, 2021 were primarily driven by the currency fluctuations of the Euro and Colombian peso versus the U.S. Dollar.

Other (income) expenses, net. Other (income) expenses, net includes costs not individually material to our consolidated financial statements.

Operating Results by Business Segment

Our management evaluates segment profit/loss for each of the Company's reportable segments. We define segment profit/loss as income from continuing operations before interest, taxes, depreciation, amortization, stock-based compensation expense, gains/losses on foreign currency fluctuations, gains/losses on the early extinguishment of debt and miscellaneous expenses. Segment profit/loss also excludes the impact of certain items that are not directly attributable to the reportable segments' underlying operating performance. For a reconciliation of segment profit to loss from continuing operations before income taxes, see Note 14. to our unaudited condensed consolidated interim financial statements for the three months ended June 30, 2021 included in this Form 10-Q.

Revenue by segment (in thousands of U.S. dollars)

Six months ended June 30,		Three months ended June 30,	
2021	2020	2021	2020

Segment Revenue:								
Cannabinoid	\$	1,256	\$	395	\$	579	\$	153
Non-Cannabinoid		5,893		4,458		3,093		1,786
Total Revenue	\$	7,149	\$	4,853	\$	3,672	\$	1,939

Cannabinoid. Cannabinoid revenue increased to \$579 and \$1,256 for the three and six months ended June 30, 2021, respectively, from \$153 and \$395 for the three and six months ended June 30, 2020, respectively driven primarily by the sale of cannabinoid products as the contracts with key clients are maturing and transitioning from a preparation to a revenue generating phase.

Non-Cannabinoid. Non-Cannabinoid revenue increased to \$3,093 and \$5,893 for the three and six months ended June 30, 2021, respectively, from \$1,786 and \$4,458 for the three and six months ended June 30, 2020, respectively, driven primarily by the recovery demand from COVID-19 that resulted in the closure of store fronts or reduction in foot traffic for our retail partners in the prior period.

Segment profit/loss

(in thousands of U.S. dollars)

	Three months ended June 30,		Change

Non-Cannabinoid		1,246		413	833	202 %
Total Segment Loss (a)	\$	(5,222)	\$	(9,442)	4,220	(45)%

(a) For a reconciliation of segment (loss) to loss before income taxes see Note 14. to our unaudited condensed consolidated interim financial statements for the three and six months ended June 30, 2021 included in this Form 10-Q.

Cannabinoid — Cannabinoid segment loss decreased to \$3,604 for the three months ended June 30, 2021 from a loss of \$4,454 for the three months ended June 30, 2020 primarily due to cost control measures implemented by us starting in the second quarter of 2020, as well as increased sales of cannabinoid products. The decrease was partly offset by costs incurred from the expansion of our operations in Colombia and Portugal.

Cannabinoid segment loss decreased to \$6,468 for the six months ended June 30, 2021 from \$9,855 for the six months ended June 30, 2020, primarily due to cost control measures implemented by us starting in the second quarter of 2020, as well as

[Table of Contents](#)

increased sales of cannabinoid products. The decrease was partly offset by costs incurred from the expansion of our operations in Colombia and Portugal.

Non-Cannabinoid — Non-Cannabinoid segment had a profit of \$634 for the three months ended June 30, 2021 compared to a loss of \$67 for the three months ended June 30, 2020. The increase is primarily due to cost control measures implemented by us starting in the second quarter of 2020, as well as increased sales of cannabinoid products.

Non-Cannabinoid segment profit increased to \$1,246 for the six months ended June 30, 2021 compared to \$413 the six months ended June 30, 2020. The increase is primarily due to cost control measures implemented by us starting in the second quarter of 2020, as well as increased sales of non-cannabinoid products.

Liquidity and Capital Resources

The following table sets forth the major components of our Consolidated Statements of Cash Flows for the periods presented:

(in thousands of U.S. dollars)

	Six months ended June 30,			
	2021	2020		
Net cash used in operating activities	\$	(19,496)	\$	(14,543)
Net cash used in investing activities		(4,319)		(3,436)
Net cash provided by financing activities		1,536		10,979
Effect of foreign currency translation on cash and cash equivalents		(106)		(29)
Cash, cash equivalents, and restricted cash beginning of period		79,460		13,198
Cash, cash equivalents, and restricted cash end of period		57,075		6,169

(Decrease) increase in cash and cash equivalents	\$ (22,385)	\$ (7,029)
--	-------------	------------

Cash flows used in operating activities

The change in net cash used by operating activities during the six months ended June 30, 2021 compared to the six months ended June 30, 2020, was primarily related to changes in use of working capital, increase in General and Administrative expenses and interest expenses resulting in overall increase in net loss, net of non-cash items.

Cash flows from investing activities

The increase in net cash used in investing activities during the six months ended June 30, 2021 compared to the six months ended June 30, 2020, was primarily related to higher capital expenditures in Portugal.

Cash flows from financing activities

The decrease in net cash provided by financing activities during the six months ended June 30, 2021, compared to the six months ended June 30, 2020, was primarily due to the higher proceeds from debt and equity financings in the first half of 2020 compared to the first half of 2021.

Sources of Liquidity

We have historically financed our operations through the issuance of shares, the sale of convertible debentures and cash from operations. In connection with the closing of the Business Combination we received approximately \$73,509 of net proceeds (refer to Note 7. to the unaudited condensed consolidated interim financial statements included within this Form 10-Q). As of June 30, 2021, and December 31, 2020, we had cash and cash equivalents of \$56,621 and \$79,107, respectively, which were held for working capital and general corporate purposes. This represents an overall decrease of \$22,486.

We have had operating losses and negative cash flows from operations since inception and expect to continue to incur net losses for the foreseeable future until such time, if ever, that we can generate significant revenues from the sale of our available

[Table of Contents](#)

inventories. We anticipate that we will continue to incur losses from operations due to pre-commercialization activities, marketing and manufacturing activities, and general and administrative costs to support operations. On July 19, 2021, the Company entered into a Note Purchase Agreement and issued a secured convertible note in the principal amount of \$25,000.

We have historically been able to manage liquidity requirements through cost management and cost reduction measures, supplemented with raising additional financing. While we have been successful in raising financing in the past, there can be no assurances that additional financing will be available when needed on acceptable terms, or at all. The continued spread of COVID-19 and uncertain market conditions may further limit our ability to access capital. If we are not able to secure adequate additional funding, we may be forced to make reductions in spending, extend payment terms with suppliers, and suspend or curtail planned programs. Any of these actions could materially harm our business, results of operations, financial condition, and prospects.

Uses of Liquidity

Our primary need for liquidity is to fund working capital requirements, capital expenditures, debt service obligations and for general corporate purposes. Our ability to fund operations and make planned capital expenditures and debt service obligations depends on future operating performance and cash flows, which are subject to prevailing economic conditions and financial, business and other factors. Our consolidated interim financial statements have been prepared on a going concern basis, which assumes that we will continue to be in operation for the foreseeable future and, accordingly, will be able to realize our assets and discharge our liabilities in the normal course of operations as they come due.

We manage our liquidity risk by preparing budgets and cash forecasts to ensure we have sufficient funds to meet obligations. In managing working capital, we may limit the amount of our cash needs by selling inventory at wholesale rates, pursuing additional financing sources, and managing the timing of capital expenditures. While we believe we have sufficient cash to meet working capital requirements in the short term, we may need additional sources of capital and/or financing, to meet planned growth requirements and to fund construction activities at our cultivation and processing facilities.

We believe that cash on hand is sufficient to satisfy the Company's estimated liquidity needs during the twelve months from the issuance of the consolidated financial statements for the six months ended June 30, 2021. If this amount, together with cash from operations is subsequently insufficient for us to continue to operate as a going concern, we may need to raise additional cash through debt, equity or other forms of financing to fund future operations which may not be available on acceptable terms, or at all.

Debt

Total debt outstanding as of December 31, 2020 was \$33,843. The balance was comprised of the 2022 Convertible Notes of approximately \$27,750 issued in March 2019, the debt of \$8,500 issued to finance the Herbal Brands acquisition in April 2019, as well as other borrowings, net of principal repayments for the Herbal Brands Loan and debt issuance costs.

Total debt outstanding as of June 30, 2021 was \$33,678. The balance is comprised of the 2022 Convertible Notes of approximately \$27,119 issued in March 2019 (included in current liabilities) and total net long-term debt outstanding as of June 30, 2021 was \$6,559. The balance is comprised the debt of \$5,700 issued to finance the Herbal Brands acquisition in April 2019, the debt related to Portugal Line of Credit, as well as other borrowings. For more information, refer to Note 10. to our unaudited condensed consolidated interim financial statements for the six months ended June 30, 2021 included in this Form 10-Q. On July 19, 2021, we prepaid the holders of the 2022 Convertible Notes and the 2022 Convertible Notes were discharged.

Portugal Line of Credit

In January 2021, Clever Leaves Portugal Unipessoal LDA borrowed EURO 1 million (the "Portugal Line of Credit"), from a local lender, S.A., (the "Portugal Lender") under the terms of its credit line agreement. The Portugal Line of Credit pays interest quarterly at a rate of Euribor plus 3.0 percentage points. Principal will be repaid through quarterly installments of approximately EURO 62.5 beginning February 28, 2022. As of June 30, 2021, the full amount borrowed was outstanding under the Portugal Line of Credit.

Herbal Brands Debt

In April 2019, to facilitate the financing of the Herbal Brands acquisition, Herbal Brands entered into the Herbal Brands Loan with, and issued warrants to, a third-party lender, Rock Cliff Capital LLC ("Lender").

[Table of Contents](#)

The Herbal Brands Loan is a non-revolving loan with a principal amount of \$8,500 and interest of 8% per annum due and payable in arrears on the first day of each fiscal quarter, commencing July 1, 2019, and calculated based on the actual number of days elapsed. In addition, Herbal Brands is required to pay in kind interest ("PIK") on the outstanding principal amount of the Herbal Brands Loan from August 27, 2020 until payment in full at a rate equal to 4.0% per annum, with such PIK interest being capitalized as additional principal to increase the outstanding principal balance of the Herbal Brands Loan on the first day of each fiscal quarter. The Herbal Brands Loan is to be repaid or prepaid prior to its maturity date of May 2, 2023. On a quarterly basis, the loan requires Herbal Brands to repay 85% of positive operating cash flows. Herbal Brands can also choose to prepay a portion of the Herbal Brands Loan, subject to a fee equal to the greater of (1) zero, and (2) \$2,338, net of interest payments already paid (excluding PIK interest paid and PIK interest capitalized as outstanding principal) on such prepayment date. The Herbal Brands Loan is guaranteed by certain subsidiaries of the Company, secured by Herbal Brands' assets and equity interests in Herbal Brands and is subject to certain covenants. The Herbal Brands Loan remained outstanding following the closing of the Business Combination.

Concurrently with the execution of the Herbal Brands Loan, Clever Leaves issued warrants to the Lender to purchase 193,402 Class C preferred shares of Clever Leaves on a 1:1 basis, at a price of \$8.79 per share. The warrants can be exercised in whole or in part at any time prior to the expiration date of May 3, 2021, and are not assignable, transferable, or negotiable. Following the closing of the Business Combination, the warrants issued to the Lender remained outstanding but entitle the Lender to purchase common shares of the Company rather than common shares of Clever Leaves.

On August 27, 2020, we amended certain terms of the Herbal Brands Loan to provide for an additional interest of 4% per annum, compounding quarterly and payable in-kind at maturity. In addition, we extended the expiry date of the outstanding 193,402 warrants until May 3, 2023. As part of the amendment, the parties agreed to defer the covenant testing under the Herbal Brands Loan until September 30, 2021.

Following the closing of the Business Combination and pursuant to the terms, the holder of the Rock Cliff Warrants can purchase 63,597 of the Company's common shares at a strike price of \$26.73 per share.

Convertible notes

In March 2019, as part of the Series D financing, Clever Leaves issued \$27,750 aggregate principal amount of secured convertible notes (the "2022 Convertible Notes") with a maturity date of March 30, 2022 (the "2022 Maturity Date"). The 2022 Convertible Notes initially had an interest of 8% per annum, payable quarterly in cash in arrears. The 2022 Convertible Notes were guaranteed by certain subsidiaries of Clever Leaves and were secured by pledged equity interests in certain subsidiaries. In March 2020 and June 2020, Clever Leaves and the noteholders amended the terms of the 2022 Convertible Notes, to increase in the interest rate to 10% from January 1, 2020 and provided that such interest is to be paid in-kind on the 2022 Maturity Date.

On July 19, 2021, Clever Leaves prepaid the holders of the 2022 Convertible Notes and the 2022 Convertible Notes were discharged. The aggregate amount prepaid by the Company was \$25,115 representing the sum of (1) ninety percent (90%) of the aggregate outstanding principal amount owing under the 2022 Convertible Notes; (2) all accrued interest through July 19, 2021 and (3) certain legal fees.

In connection with the issuance of the 2022 Convertible Notes, Clever Leaves issued 9,509 warrants to acquire Clever Leaves common shares to one of the noteholders. The warrants were cancelled when the 2022 Convertible Note issued to the warrant holder was repaid.

In October 2018, as part of the Series C financing, Clever Leaves issued \$17,890 aggregate principal amount of noninterest bearing unsecured convertible debentures due 2021 (the "2021 Convertible Debentures"). The 2021 Convertible Debentures had a maturity date of September 30, 2021. All of the 2021 Convertible Debentures were converted into an aggregate of 2,546,670 of Class C preferred shares in March 2019.

Subsequently, in July 2021, Series D convertible notes with accrued interest were settled and the related warrants were cancelled. For more information, refer to Note 16. to our unaudited condensed consolidated interim financial statements for the six months ended June 30, 2021 included in this Form 10-Q.

Contingencies

In the normal course of business, we receive inquiries or become involved in legal disputes regarding various litigation matters. In the opinion of management, as of June 30, 2021 any potential liabilities resulting from claims we have received would not have a material adverse effect on our consolidated financial statements.

[Table of Contents](#)**Off-Balance Sheet Arrangements**

We did not have off-balance sheet arrangements during the periods presented, other than the obligations discussed above.

Critical Accounting Policies and Significant Judgments and Estimates

See Part II, Item 7, "Critical Accounting Policies and Estimates" in our 2020 Form 10-K. There have been no material changes to our critical accounting policies and estimates since our 2020 Form 10-K.

Item 3. Quantitative and Qualitative Disclosures About Market Risk.

There have been no material changes to our exposures to market risk since December 31, 2020.

[Table of Contents](#)**Item 4. Controls and Procedures****Evaluation of Controls and Procedures**

Our management, with the participation of our Chief Executive Officer and Chief Financial Officer, evaluated the effectiveness of our disclosure controls and procedures as defined in Rules 13a-15(e) and 15d-15(e) under the Exchange Act, as of June 30, 2021. Our disclosure controls and procedures are designed to ensure that information we are required to disclose in the reports we file or submit under the Exchange Act is accumulated and communicated to our management, including our Chief Executive Officer and Chief Financial Officer, as appropriate to allow timely decisions regarding required disclosures, and is recorded, processed, summarized, and reported within the time periods specified in the SEC's rules and forms.

Based on that evaluation, our Chief Executive Officer and Chief Financial Officer concluded that our disclosure controls and procedures as of June 30, 2021 were not effective due to a material weakness as described below.

Previously Identified Material Weakness

As disclosed in our 2020 Form 10-K, in connection with the audit of the Company's financial statements as of and for the year ended December 31, 2020, our management identified a material weakness in our internal control over financial reporting. A material weakness is a deficiency, or combination of deficiencies, in internal control over financial reporting, such that there is a reasonable possibility that a material misstatement of our annual or interim financial statements will not be prevented or detected on a timely basis. The material weakness identified relates to the fact that the Company has not yet designed and maintained an effective control environment commensurate with its financial reporting requirements, including a) lack of a sufficient number of trained professionals with an appropriate level of accounting knowledge, training and experience to appropriately analyze, record and disclose accounting matters timely and accurately, and to allow for proper segregation of duties b) lack of structures, reporting lines and appropriate authorities and responsibilities to achieve financial reporting objectives, and c) lack of evidence to support the performance of controls and the adequacy of review procedures, including the completeness and accuracy of information used in the performance of controls.

Remediation Plan

Management is committed to taking the steps necessary to remediate the control deficiencies that constituted the above material weakness. We have made the following enhancements to our control environment:

- a. We added accounting and finance personnel to the Company and one of our key subsidiaries to strengthen our internal accounting team, to provide additional individuals to allow for segregation of duties in the preparation and review of schedules, calculations, and journal entries that support financial reporting, to provide oversight, structure and reporting lines, and to provide additional review over our disclosures. These personnel includes SEC Reporting Senior Manager and Manager at the corporate level, a Controller at one of our key subsidiaries and a SOX manager at another key subsidiaries ;
- b. We enhanced our controls to improve the preparation and review over complex accounting measurements, and the application of GAAP to significant accounts and transactions, and our financial statement disclosures; and,
- c. We engaged outside consultants to assist us in our evaluation of the design, implementation, and documentation of internal controls that address the relevant risks, and that provide for appropriate evidence of performance of our internal controls (including completeness and accuracy procedures).

Our remediation activities are ongoing during 2021. In addition to the above actions, we expect to engage in additional activities, including, but not limited to:

- a. Adding more technical accounting resources to enhance our control environment;
- b. Until we have sufficient technical accounting resources, engaging external consultants to provide support and to assist us in our evaluation of more complex applications of GAAP, and to assist us with documenting and assessing our accounting policies and procedures; and,
- c. Engaging outside consultants to assist us in providing technical Sarbanes-Oxley Act training to individuals throughout the organization that are responsible for executing internal controls.

Under the direction of the audit committee of the board of directors, management will continue to take measures to remediate the material weakness in 2021. As such, we will continue to enhance corporate oversight over process-level controls and

[Table of Contents](#)

structures to ensure that there is appropriate assignment of authority, responsibility, and accountability to enable remediation of our material weakness. We believe that our remediation plan will be sufficient to remediate the identified material weakness and strengthen our internal control over financial reporting.

We believe the corrective actions and controls need to be in operation for a sufficient period for management to conclude that the control environment is operating effectively and has been adequately tested through audit procedures. Therefore, the material weakness has not been remediated as of the date of this report.

As we continue to evaluate, and work to improve, our internal control over financial reporting, management may determine that additional measures to address control deficiencies or modifications to the remediation plan are necessary.

Changes in Internal Control over Financial Reporting

The Company is in the process of implementing certain changes in its internal controls to remediate the material weakness described above. Except as noted above, no change to our internal control over financial reporting occurred during the three months ended June 30, 2021 that has materially affected, or is reasonably likely to materially affect, our internal control over financial reporting.

Inherent Limitations of Disclosure Controls and Internal Control over Financial Reporting

Because of their inherent limitations, our disclosure controls and procedures and our internal control over financial reporting may not prevent material errors or fraud. A control system, no matter how well conceived and operated, can provide only reasonable, not absolute, assurance that the objectives of the control system are met. The effectiveness of our disclosure controls and procedures and our internal control over financial reporting is subject to risks, including that the control may become inadequate because of changes in conditions or that the degree of compliance with our policies or procedures may deteriorate.

[Table of Contents](#)

Item 1. Legal Proceedings

We are involved in various investigations, claims and lawsuits arising in the normal conduct of our business, none of which, in our opinion, will have a material adverse effect on our financial condition, results of operations, or cash flows. We cannot assure you that we will prevail in any litigation. Regardless of the outcome, any litigation may require us to incur significant litigation expense and may result in significant diversion of management attention.

Item 1A. Risk Factors

Our operations and financial results are subject to various risks and uncertainties, including those described in Part I, Item 1A, "Risk Factors" in our 2020 Form 10-K, which could adversely affect our business, financial condition, results of operations, cash flows, and the trading price of our common and capital stock. There have been no material changes to our risk factors since our 2020 Form 10-K.

Item 5. Other Information

Not applicable.

Item 6. Exhibits

Exhibit No.	Description
3.1	<u>Amended and Restated Articles of Clever Leaves Holdings Inc. (incorporated by reference to Exhibit 3.1 to the Current Report on Form 8-K filed with the SEC by Clever Leaves Holdings Inc. on December 23, 2020).</u>

By: /s/ Kyle Detwiler
Name: Kyle Detwiler
Title: Chief Executive Officer

Exhibit 31.1

CERTIFICATION BY PRINCIPAL EXECUTIVE OFFICER PURSUANT TO SECTION 302 OF THE SARBANES-OXLEY ACT OF 2002

I, Kyle Detwiler, certify that:

- I have reviewed this Quarterly Report on Form 10-Q of Clever Leaves Holdings Inc.;
- Based on my knowledge, this report does not contain any untrue statement of a material fact or omit to state a material fact necessary to make the statements made, in light of the circumstances under which such statements were made, not misleading with respect to the period covered by this report;
- Based on my knowledge, the financial statements, and other financial information included in this report, fairly present in all material respects the financial condition, results of operations and cash flows of the registrant as of, and for, the periods presented in this report;
- The registrant's other certifying officer and I are responsible for establishing and maintaining disclosure controls and procedures (as defined in Exchange Act Rules 13a-15(e) and 15d-15(e)) for the registrant and have:
 - designed such disclosure controls and procedures, or caused such disclosure controls and procedures to be designed under our supervision, to ensure that material information relating to the registrant, including its consolidated subsidiaries, is made known to us by others within those entities, particularly during the period in which this report is being prepared;
 - evaluated the effectiveness of the registrant's disclosure controls and procedures and presented in this report our conclusions about the effectiveness of the disclosure controls and procedures, as of the end of the period covered by this report based on such evaluation; and
 - disclosed in this report any change in the registrant's internal control over financial reporting that occurred during the registrant's most recent fiscal quarter (the registrant's fourth fiscal quarter in the case of an annual report) that has materially affected, or is reasonably likely to materially affect, the registrant's internal control over financial reporting; and
- The registrant's other certifying officer and I have disclosed, based on our most recent evaluation of internal control over financial reporting, to the registrant's auditors and the audit committee of the registrant's board of directors (or persons performing the equivalent functions):
 - all significant deficiencies and material weaknesses in the design or operation of internal control over financial reporting which are reasonably likely to adversely affect the registrant's ability to record, process, summarize and report financial information; and

(b) any fraud, whether or not material, that involves management or other employees who have a significant role in the registrant's internal control over financial reporting.

**CERTIFICATION PURSUANT TO 18 U.S.C. SECTION 1350,
AS ADOPTED PURSUANT TO SECTION 906
OF THE SARBANES-OXLEY ACT OF 2002**

In connection with the Quarterly Report of Clever Leaves Holdings Inc., a corporation organized under the laws of British Columbia, Canada (the "Company"), on Form 10-Q for the quarter ending June 30, 2021 as filed with the U.S. Securities and Exchange Commission on the date hereof (the "Report"), each of the undersigned officers of the Company does hereby certify, pursuant to 18 U.S.C. § 1350 (section 906 of the Sarbanes-Oxley Act of 2002), that:

(1) The Report fully complies with the requirements of section 13(a) or 15(d) of the Securities Exchange Act of 1934; and

(2) The information contained in the Report fairly presents, in all material respects, the financial condition and results of operations of the Company.

The foregoing certification (i) is given to such officers' knowledge, based upon such officers' investigation as such officers reasonably deem appropriate; and (ii) is being

furnished solely pursuant to 18 U.S.C. § 1350 (section 906 of the Sarbanes-Oxley Act of 2002) and is not being filed as part of the Report or as a separate disclosure document and is not to be incorporated by reference into any filing of the Company under the Securities Act of 1933, as amended, or the Securities Exchange Act of 1934, as amended (whether made before or after the date of the Report), irrespective of any general incorporation language contained in such filing.
