**TOCANCIPÁ, COLOMBIA, April 1, 2024** – Clever Leaves Holdings Inc. (NASDAQ: CLVR, CLVRW) ("Clever Leaves" or the "Company"), a global medicinal cannabis company, is reporting financial and operating results for the fourth quarter and full year ended December 31, 2023. All financial information is provided in US dollars unless otherwise indicated.

"Throughout 2023, we executed on our strategic initiatives to refine our commercial and production operations, as well as optimize our capital efficiency and cost structure," said Andres Fajardo, CEO of Clever Leaves. "We continued to support demand for our cannabinoid products in Australia and Brazil, resulting in a 39% year-over-year increase in our cannabinoid revenue for the full year and we maintained progress with new strain development.

"Reflecting our continued cost optimization efforts, we drove year-over-year general and administrative expense reductions of 26% for the fourth quarter and 24% for the full year. Our year-end cash balance also improved to \$6.9 million compared to \$6.5 million at the end of the third quarter, benefited by the October 2023 sale of our remaining stake in Cansativa. Subsequent to the end of the fourth quarter, we completed the \$1.5 million sale of our Portuguese farm assets. As we progress into 2024, we remain focused on driving further capital preservation and operational efficiencies."

#### Fourth Quarter 2023 Summary vs. Same Year-Ago Quarter<sup>1</sup>

• Revenue in the fourth quarter of 2023 increased 5% to \$4.6 million compared to \$4.4 million for the same period in 2022. The increase was driven by an improvement in cannabinoid segment revenues, which increased 29% to \$2.0 million compared to \$1.6 million for the same period in 2022. The year-

<sup>&</sup>lt;sup>1</sup> Due to the cessation of the Company's production operations in Portugal, as well as the ongoing wind-down process for these operations, Clever Leaves has determined that these operations meet the "discontinued operations" criteria as of March 31, 2023, in accordance with Accounting Standards Codification (ASC) 205, Presentation of Financial Statements. As a result, the Company's Consolidated Balance Sheets and Consolidated Statements of Operations, and the notes to the Consolidated Financial Statements, have been restated for all periods presented to reflect the discontinuation of these operations in accordance with ASC 205. For additional detail on this presentation, please refer to the Company's Form 10-K for the fiscal period ended December 31, 2023.

over-year growth in cannabinoid segment revenues was largely due to continued sales strength in Brazil and Australia. Non-cannabinoid revenues were \$2.6 million compared to \$2.8 million for the same period in 2022.

- All-in cost per gram of dry flower was \$0.55, compared to \$6.76 for the same period in 2022. All-in cost per gram in the year-ago period reflects the Company's significantly reduced agricultural output, along with ongoing extraction and processing costs, at its Colombian operations. In the fourth quarter of 2023, the Company increased its harvest to 1,693 kilograms of dry flower compared to 89 kilograms in the year-ago quarter, with crops comprising both CBD and hemp inventory for extraction and THC flower for export.
- Gross loss, including \$4.2 million in cost of sales (before inventory provision) and a \$0.8 million inventory provision, was \$(0.3) million, compared to a \$0.8 million gross profit for the same period in 2022, which included \$2.6 million in cost of sales (before inventory provision) and a \$0.9 million inventory provision. Adjusted gross profit (a non-GAAP financial measure defined and reconciled herein), which excluded such inventory provisions, was \$0.4 million compared to \$1.8 million for the same period in 2022.
- Gross margin, which included such inventory provisions, was (7.5)% compared to 19.2% for the same period in 2022. Adjusted gross margin (a non-GAAP financial measure defined and reconciled herein), which excluded inventory provisions, was 9.1% compared to 40.0% for the same period in 2022.
- Operating expenses in the fourth quarter of 2023 improved to \$4.6 million compared to \$8.4 million for the same period in 2022 driven by cost-cutting measures and \$2.7 million of non-recurring restructuring expenses incurred in the same period in 2022.
- Net loss was \$5.1 million compared to a net loss of \$28.8 million for the same period in 2022. Net loss in the fourth quarter of 2022 included a \$21.2 million loss from discontinued operations related to the Company's wind-down process in Portugal, along with the aforementioned \$2.7 million non-recurring restructuring expenses.
- · Adjusted EBITDA (a non-GAAP financial measure defined and reconciled herein) was flat year-over-year at \$(4.6) million.
- Cash, cash equivalents and restricted cash were \$6.9 million at December 31, 2023, compared to \$12.9 million at December 31, 2022.
  The decrease was primarily due to continued working capital needs and operating losses. The Company's year-end cash balance reflects the \$1.9 million in proceeds received from the sale of its remaining stake in Cansativa in October 2023. For the year ended December 31, 2023, the Company issued and sold 253,898 shares (on a post-Reverse Share Split basis) pursuant to its at-the-market ("ATM") offering, for aggregate net proceeds of \$1.1 million.
- No shares were sold pursuant to the ATM offering during the three months ended December 31, 2023.

Fajardo continued: "Within our commercial strategy, we have driven both extract and flower sales in Australia, as well as expanded extract sales in Brazil with our approved products under RDC 327. Alongside this traction, however, we have continued to experience variability related to the timing and issuance of Brazilian quotas, along with order stoppages in Israel resulting from the current geopolitical conflict. We are continuing to work toward developing inroads to the European markets, adapting to an evolving regulatory structure in Germany and our early pathways to the United Kingdom. Most recently,

we announced a partnership with an award-winning Dutch seed bank, Paradise Seeds, to develop and register high performance cannabis cultivars at our Colombian facilities.

"We have also maintained our steadfast commitment to strengthening our cannabinoid portfolio and broader operational infrastructure. As we announced earlier this year, Clever Leaves was granted Australian GMP certification for cannabis products by Australia's Therapeutic Goods Administration, which authorizes us to manufacture cannabis products for Australian patients and adds to our significant library of global GMP certifications. Significantly, the recent sale of our farm assets in Portugal marked the completion of our wind-down process in the country, allowing us to focus on further streamlining our Colombian production.

"Our strategy remains focused on our core set of international cannabinoid markets, our Colombian production efficiencies, and our efforts to preserve and improve cash liquidity. We will maintain our work on each of these fronts as we navigate a constantly evolving global operating environment."

#### Full Year 2023 Summary vs. 2022

- Revenue increased 6% to \$17.4 million compared to \$16.4 million in 2022. Cannabinoid revenue increased 39% to \$6.6 million compared to \$4.7 million, and non-cannabinoid revenue was \$10.9 million compared to \$11.7 million.
- All-in cost per gram of dry flower was \$0.75 compared to \$0.36 in 2022. The increase was primarily driven by the Company's significantly reduced agricultural output in Colombia in the prior year through the first quarter of 2023, along with changes in cultivation techniques to improve flower quality and organoleptic properties. Cost per gram during the year also reflects more stringent market and regulatory requirements, along with ongoing extraction and processing costs at the Company's Colombian operations.
- Gross profit was \$6.6 million, which included a \$1.4 million inventory provision, compared to \$7.2 million in 2022, which included a \$2.0 million inventory provision. Adjusted gross profit, which excluded such inventory provisions, was \$7.9 million compared to \$9.2 million in 2022.
- Gross margin, which included such inventory provision of \$1.4 million, was 37.6% compared to 44.0% in 2022, which included such inventory provision of \$2.0 million. Adjusted gross margin, which excluded such inventory provisions, was 45.4% compared to 56.3% in 2022.
- Operating expenses improved to \$22.2 million compared to \$54.1 million in 2022. Operating expenses in the prior year included a \$19.0 million intangible asset impairment charge the Company recorded on its cannabis-related licenses in Colombia during the third quarter of 2022, along with \$6.4 million in restructuring expenses.
- Net loss was \$17.9 million compared to a net loss of \$66.2 million in 2022. Net loss in 2023 includes a \$3.7 million loss on investment related to the fourth quarter sale of the Company's remaining Cansativa stake. Net loss in the prior year included the aforementioned \$19.0 million intangible asset impairment charge and \$6.4 million in restructuring expenses, along with a \$6.9 million gain on investment related to the sale of Cansativa shares to an unrelated third-party and revaluation of the Company's retained interest of the shares held as of December 31, 2022.
- Adjusted EBITDA (a non-GAAP financial measure defined and reconciled herein) improved to \$(12.4) million compared to \$(16.3) million in 2022.

#### Sale of Non-Cannabinoid Herbal Brands Business

On March 21, 2024, Clever Leaves and a wholly owned Company subsidiary, NS US Holdings, Inc. (the "Seller"), entered into a stock purchase agreement with KAC Investments LLC (the "Buyer"). Pursuant to this agreement, the Company sold its non-cannabinoid business segment, comprising the Company's wholly owned subsidiary, Herbal Brands, Inc. ("HBI").

The sale transaction was completed on March 21, 2024 for a purchase price of \$8.02 million, comprising \$7.02 million in cash paid on the closing date and the issuance of a senior secured promissory note and security agreement in the original principal amount of \$1.00 million (the "Note and Security Agreement").

The Note and Security Agreement was issued by the Buyer in favor of the Seller and accrues interest at seven and one-half percent (7.50%) per annum. Interest is payable quarterly, in cash, until the March 21, 2025 maturity date. The Seller also expects to receive \$0.19 million in additional proceeds related to the sale of HBI's manufacturing equipment, which preceded the March 21 transaction closing date.

Fajardo concluded: "Through completing this transaction, we aim to focus our operations solely on our cannabinoid business, as well as point our ongoing capital and cost optimization initiatives in this direction. We would like to thank Joe Jacober and the entire HBI team for their significant contributions and years of partnership with Clever Leaves, and we wish them all the best in their next endeavors."

For more details on the transaction and associated payment terms, please refer to the Company's related disclosure on Form 8-K, filed on March 27, 2024.

#### **About Clever Leaves Holdings Inc.**

Clever Leaves is a global medical cannabis company. Its operations in Colombia produce EU GMP cannabinoid active pharmaceutical ingredients (API) and finished products in flower and extract form to a growing base of B2B customers around the globe. Clever Leaves aims to disrupt the traditional cannabis production industry by leveraging environmentally sustainable, ESG-friendly, industrial-scale and low-cost production methods, with the world's most stringent pharmaceutical quality certifications. Clever Leaves announces material information to the public through a variety of means, including filings with the U.S. Securities and Exchange Commission (the "SEC"), press releases, public conference calls, and its website (https://cleverleaves.com). Clever Leaves uses these channels, as well as social media, including its Twitter account (@clever\_leaves), and its LinkedIn page (https://www.linkedin.com/company/clever-leaves), to communicate with investors and the public about Clever Leaves, its products, and other matters. Therefore, Clever Leaves encourages investors, the media, and others interested in Clever Leaves to review the information it makes public in these locations, as such information could be deemed to be material information. Information on or that can be accessed through Clever Leaves' websites or these social media channels is not part of this release, and references to Clever Leaves' website addresses and social media channels are inactive textual references only.

#### **Non-GAAP Financial Measures**

In this press release, Clever Leaves refers to certain non-GAAP financial measures including Adjusted EBITDA, Adjusted Gross Profit and Adjusted Gross Margin. Adjusted EBITDA, Adjusted Gross Profit and Adjusted Gross Margin do not have standardized meanings prescribed by GAAP and are therefore unlikely to be comparable to similar measures presented by other companies. Adjusted EBITDA is

defined as income/loss from continuing operations before interest, taxes, depreciation and amortization, share-based compensation expense, restructuring expenses, foreign exchange gain/loss, gains/losses on the early extinguishment of debt, gain/loss on remeasurement of warrant liability, equity investment share of gain/loss, other expense/income and income/loss from discontinued operations. Adjusted Gross Profit (and the related Adjusted Gross Margin measure) is defined as gross profit excluding inventory provision. Adjusted EBITDA, Adjusted Gross Profit and Adjusted Gross Margin also exclude the impact of certain non-recurring items that are not directly attributable to the underlying operating performance. Clever Leaves considers Adjusted EBITDA, Adjusted Gross Profit and Adjusted Gross Margin to be meaningful indicators of the performance of its core business. Adjusted EBITDA, Adjusted Gross Profit and Adjusted Gross Margin should neither be considered in isolation nor as a substitute for the financial measures prepared in accordance with U.S. GAAP. For reconciliations of Adjusted EBITDA, Adjusted Gross Profit and Adjusted Gross Margin to the most directly comparable U.S. GAAP measures, see the relevant schedules provided with this press release. We have not provided or reconciled the non-GAAP forward-looking information to their corresponding GAAP measures because the exact amounts for these items are not currently determinable without unreasonable efforts but may be significant.

#### Forward-Looking Statements

This press release includes certain statements that are not historical facts but are forward-looking statements for purposes of the safe harbor provisions under the United States Private Securities Litigation Reform Act of 1995.
